

ICCREA Banca S.p.A.

(incorporated with limited liability as a società per azioni under the laws of the Republic of Italy)

€3,000,000,000

Euro Medium Term Note Programme

Application has been made to the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority in Luxembourg to approve this document as a base prospectus under the *loi relative aux prospectus pour valeurs mobilières* dated 10 July 2005 which implements Directive 2003/71/EC, and amendments thereto (including Directive 2010/73/EU, to the extent implemented in a Member State of the European Economic Area) (the "**Prospectus Directive**") in Luxembourg. Application has been made by ICCREA Banca S.p.A. (the "**Issuer**") for notes ("**Notes**") issued under the €3,000,000,000 Euro Medium Term Note Programme (the "**Programme**") described in this Base Prospectus during the period of twelve months after the date hereof to be listed on the official list and admitted to trading on the regulated market of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC. The Programme also allows for Notes to be unlisted or to be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer.

As more fully set out in "**Taxation**", payments of interest, premium and other income on Notes qualifying as bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) are subject in principle to a substitutive tax (referred to as the *imposta sostitutiva*), in certain circumstances. *Imposta sostitutiva* is levied at the rate of 20 per cent. In order to obtain exemption from the *imposta sostitutiva* in respect of payments of interest, premium or other income relating to the Notes, each Noteholder not resident in the Republic of Italy is generally required to certify, inter alia, that such Noteholder is eligible for the exemption, as more fully set out in "**Taxation**". Payments of interest, premium and other income on Notes qualifying as atypical securities (*titoli atipici*) are subject to a withholding tax at the rate of 20 per cent. The Issuer will not be liable to pay any additional amounts to Noteholders in relation to any such withholding.

Pursuant to the Programme, the Issuer may from time to time issue Notes in bearer form denominated in any currency agreed between the Issuer and one or more of the dealers named on page 1 and any additional dealer appointed under the Programme from time to time (each a "**Dealer**" and together the "**Dealers**"). Notes admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive will not have a denomination of less than €100,000 (or its equivalent in other currencies calculated as described herein). The aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €3,000,000,000 (or its equivalent in other currencies calculated as described herein). The CSSF gives no undertaking as to the economic or financial opportuneness of the transaction or the quality and solvency of the Issuer in line with the provisions of article 7 (7) of the Luxembourg Prospectus Law.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed under "Risk Factors" below.

IMPORTANT NOTICES

This document constitutes a base prospectus for the purposes of Article 5.4 of the Prospectus Directive.

The Issuer accepts responsibility for the information contained in this document and, to the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information. The Issuer has confirmed to the Dealers that this Base Prospectus (including for this purpose, each relevant Final Terms) contains all information which the Issuer believes to be (in the context of the Programme and the issue, offering and sale of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions, expectations or intentions expressed herein are honestly held or made and are not misleading in any material respect; that there are no other facts in relation to the information contained or incorporated by reference in this Base Prospectus the omission of which would, in the context of the Programme and the issue, offering and sale of the Notes, make any statement therein, or opinions or intentions expressed therein misleading in any material respect; and that all reasonable enquiries have been made to verify the foregoing.

This Base Prospectus should be read and construed together with any supplements hereto and with any other documents incorporated by reference herein and, in relation to any Tranche (as defined herein) of Notes, should be read and construed together with the relevant Final Terms (as defined herein).

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and neither the Dealers nor any of their respective affiliates makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition (financial or otherwise), business, prospects or general affairs of the Issuer or any of its subsidiaries since the date

thereof or, if later, the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

This Base Prospectus may only be used for the purposes for which it has been published. The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "**Subscription and Sale**".

In particular, Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and none of them should be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise), business, prospects or general affairs of the Issuer and its subsidiaries.

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed €3,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into euro at the date of the agreement to issue such Notes, calculated in accordance with the provisions of the Dealer Agreement (as defined under "**Subscription and Sale**")). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "**Subscription and Sale**".

Notes issued pursuant to the Programme may be rated or unrated. Where a Tranche of Notes is rated, its rating will not necessarily be the same as any rating applicable to the Programme. Details of the rating, if any, attributable to a Tranche of Notes will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under

Regulation (EU) No. 1060/2009 as amended (the "**CRA Regulation**") will be disclosed in the relevant Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and Registered under the CRA Regulation (or is endorsed and published or distributed by subscription by such a credit rating agency in accordance with the Regulation) unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

In this Base Prospectus, unless otherwise specified or where the context requires otherwise: references to a "**Member State**" are references to a Member State of the European Economic Area (the "**EEA**"); references to a "**Condition**" are to the correspondingly numbered provision set forth in "**Terms and Conditions of the Notes**"; references to "€", "**EUR**" or "**euro**" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended; references to "**U.S.\$**", "**U.S. dollars**" or "**dollars**" are to the lawful currency for the time being of the United States; references to "£" and "**Sterling**" are to the lawful currency for the time being of the United Kingdom; and references to "**billions**" are to thousands of millions.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

In connection with the issue of any Tranche of Notes under the Programme, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

Listing, Approval and Admission to Trading:	Application has been made to the CSSF to approve this document as a base prospectus in compliance with the Prospectus Directive. Application has also been made for Notes issued under the Programme to be listed on the Official List of and admitted to trading on the regulated market of the Luxembourg Stock Exchange. Notes may be listed or admitted to trading (as the case may be) on

other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to each Series as specified in the Final Terms. Notes may also be issued which are neither listed nor admitted to trading on any market.

Clearing Systems:

Euroclear and/or Clearstream, Luxembourg and/or, in relation to any Tranche of Notes, any other clearing system as may be specified in the relevant Final Terms.

Initial Programme Amount:

Up to €3,000,000,000 (or its equivalent in other currencies) aggregate principal amount of Notes outstanding at any one time. The Issuer may increase the amount of the Programme in accordance with the terms of the Dealer Agreement.

Issuance in Series:

Notes may be issued on a syndicated or non-syndicated basis and will be issued in Series. Each Series may comprise one or more Tranches issued on different issue dates. The Notes of each Series will all be subject to identical terms, except that the issue date and the amount of the first payment of interest may be different in respect of different Tranches. The Notes of each Tranche will all be subject to identical terms in all respects, save that a Tranche may comprise Notes of different denominations.

Final Terms:

Each Tranche will be the subject of Final Terms which, for the purposes of that Tranche only, completes the Terms and Conditions of the Notes and this Base Prospectus and must be read in conjunction with this Base Prospectus.

In addition, the Issuer may agree with any Dealer to issue Notes in a form not contemplated in the section of this Base Prospectus entitled "**Form of Final Terms**", in such case a drawdown prospectus will be made available and will describe the effect of the agreement in relation to such Notes.

Forms of Notes:

Notes may only be issued in bearer form. Each Tranche of Notes will initially be in the form of either a Temporary Global Note or a Permanent Global Note, in

each case as specified in the relevant Final Terms. Each Global Note which is specified in the relevant Final Terms as a Classic Global Note (each a "**Classic Global Note**" or "CGN") will be deposited on or around the relevant issue date with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and each Global Note which is specified in the relevant Final Terms as a New Global Note (each a "**New Global Note**" or "NGN") will be deposited on or around the relevant issue date with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. New Global Notes are intended to be held in a manner which would allow Eurosystem eligibility, such eligibility depending upon satisfaction of the Eurosystem eligibility criteria.

Notes that are not listed on the Official List of the Luxembourg Stock Exchange may also be deposited with any other clearing system or may be delivered outside any clearing system *provided that* the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer.

Each Temporary Global Note will be exchangeable for a Permanent Global Note or, if so specified in the relevant Final Terms, for Definitive Notes. If the TEFRA D Rules are specified in the relevant Final Terms as applicable, certification as to non-U.S. beneficial ownership will be a condition precedent to any exchange of an interest in a Temporary Global Note or receipt of any payment of interest in respect of a Temporary Global Note. Each Permanent Global Note will be exchangeable for Definitive Notes in accordance with its terms. Definitive Notes will, if interest-bearing, have Coupons attached and, if appropriate, a Talon for further Coupons.

Currencies:

Notes may be denominated in euro, U.S. dollars or Sterling or in any other currency or currencies, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements. Payments in respect of Notes may, subject to such compliance, be made in and/or linked to, any currency or currencies other than

the currency in which such Notes are denominated.

Status of the Notes:

Notes may be issued on a subordinated or unsubordinated basis, as specified in the relevant Final Terms.

(i) Status of the Senior Notes:

Senior Notes constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer which will rank at all times *pari passu* among themselves and at least *pari passu* with all other present and future unsubordinated and unsecured obligations of the Issuer, save for any such obligations as may be preferred by mandatory provisions of law. See Condition 4 (*Status of Senior Notes*).

(ii) Status of the Subordinated Notes:

Subordinated Notes (Lower Tier II Subordinated Notes, Upper Tier II Subordinated Notes and Tier III Subordinated Notes, as the case may be) all constitute direct, unsecured and subordinated obligations of the Issuer and will rank *pari passu* and without any preference among themselves, all as described in Condition 5 (*Status and Special Provisions of Subordinated Notes*) and the relevant Final Terms.

In the event of a winding up, dissolution, liquidation or insolvency (including, *inter alia*, *Liquidazione Coatta Amministrativa*) of the Issuer, the payment obligations of the Issuer in respect of principal and interest under Subordinated Notes and any related Receipts and Coupons will rank in right of payment (A) after unsubordinated unsecured creditors (including depositors and any holder of Senior Notes) of the Issuer (B) but at least *pari passu* with all other subordinated obligations of the Issuer which do not rank or are not expressed by their terms to rank junior or senior to such Series of Subordinated Notes and (C) in priority to

the claims of shareholders of the Issuer, all as described in Condition 5 (*Status and Special Provisions of Subordinated Notes*).

Deferral and reduction of payments under Subordinated Notes:

The payment obligations arising under Upper Tier II and Tier III Subordinated Notes are subject to additional limitations, as follows:

(i) Upper Tier II Subordinated Notes:

The claims of the holders of Upper Tier II Subordinated Notes in relation to payments of principal and interest will be reduced to the extent necessary to enable the Issuer to maintain its capital at certain minimum levels required by the Bank of Italy. In addition, the Issuer may defer interest payments on such Notes in certain circumstances where annual or interim dividends are not declared. Obligations of the Issuer to pay interest or principal which are so deferred or reduced will be subject to reinstatement in certain circumstances. See Condition 5 (*Status and Special Provisions of Subordinated Notes*).

(ii) Tier III Subordinated Notes:

Payment of interest and principal due under Tier III Subordinated Notes is subject to suspension where such payments would reduce the Issuer's total regulatory capital below the required regulatory capital, as provided by the then applicable Bank of Italy Regulations. See Condition 5 (*Status and Special Provisions of Subordinated Notes*).

Issue Price:

Notes may be issued at any price and either on a fully or partly paid basis, as specified in the relevant Final Terms.

Maturity Period:

Any Maturity Period or, in the case of Subordinated Notes, with no fixed maturity date, subject, in relation to specific currencies, to compliance with all applicable legal and/or regulatory and/or central bank requirements.

Where Notes have a Maturity Period of less than one year and either (a) the issue proceeds are received by the Issuer in the United Kingdom or (b) the activity of issuing the Notes is carried on from an establishment maintained by the Issuer in the United Kingdom, such Notes must: (i) have a minimum redemption value of £100,000 (or its equivalent in other currencies) and be issued only to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses; or (ii) be issued in other circumstances which do not constitute a contravention of section 19 of the FSMA by the Issuer.

Under applicable laws and regulations at the date of this Base Prospectus: (i) Upper Tier II Subordinated Notes may be perpetual (*passività irredimibile*) or have a fixed Maturity Period of not less than ten years, (ii) Lower Tier II Subordinated Notes must have a Maturity Period of not less than five years and (iii) Tier III Subordinated Notes must have a Maturity Period of not less than two years. If Lower Tier II Subordinated Notes or Tier III Subordinated Notes have an indefinite Maturity Period, Lower Tier II Subordinated Notes may be redeemable only after five years' prior notice to Noteholders and Tier III Subordinated Notes may be redeemable only after two years' prior notice to Noteholders.

Interest, premium and other income arising from Notes issued after 1 January 2012 are subject to Decree 239 provisions (see section "Taxation"). The Issuer will not be liable to pay any additional amounts to Noteholders in relation to any such withholding.

Redemption:

Notes may be redeemable at par or at such other Redemption Amount (detailed in a formula, index or otherwise) as may be specified in the relevant Final Terms. Notes may also be redeemable in two or more instalments on such dates and in such manner as may be specified in the relevant Final Terms.

The redemption at maturity of Lower Tier II Subordinated Notes, Upper Tier II Subordinated Notes and Tier III Subordinated Notes shall always be subject to the prior approval of the Bank of Italy, as prescribed in Title I, Chapter 2, Section II of the Bank of Italy Regulations. If such approval is not given on or prior to the relevant redemption date, the Issuer will re-apply to the Bank of Italy for its consent to such redemption forthwith. The Issuer will use its best endeavours to maintain the required regulatory capital and to obtain such approval.

Optional Redemption:

Notes may be redeemed before their stated maturity at the option of the Issuer (either in whole or in part) and/or (where the Notes are Senior Notes) the Noteholders to the extent (if at all) specified in the relevant Final Terms and subject to all relevant legal and regulatory requirements. In the case of Subordinated Notes, early redemption may occur only with the prior approval of the Bank of Italy.

If the Notes are Subordinated Notes, unless otherwise permitted by current laws, regulations, directives, and/or the Bank of Italy's requirements applicable to the issue of Subordinated Notes by the Issuer, the Optional Redemption Date shall not be earlier than (i) in the case of Upper Tier II Subordinated Notes, ten years after the Issue Date, (ii) in the case of Lower Tier II Subordinated Notes, five years after the Issue Date and (iii) in the case of Tier III Subordinated Notes, two years after the Issue Date.

Tax or Regulatory Redemption:

Except as described in "Optional Redemption" above, early redemption will only be permitted for tax reasons or, in the case of Subordinated Notes, for regulatory reasons, as described in Condition 10(b) (*Redemption*

and Purchase – Redemption for tax reasons) and Condition 10(c) (Redemption for regulatory reasons).

Interest:

Notes may be interest-bearing or non-interest bearing. Interest (if any) may accrue at a fixed rate or a floating rate or other variable rate or be index-linked or take such other form as the Issuer and the relevant Dealer may agree and the method of calculating interest may vary between the issue date and the maturity date of the relevant Series. Interest in respect of Upper Tier II Subordinated Notes and Tier III Subordinated Notes may be deferred, as provided in the Conditions applicable to such Notes.

Fixed Rate Notes: Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes: Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc.; or
- (ii) by reference to LIBOR, LIBID, LIMEAN or EURIBOR (or such other benchmark as may be specified in the relevant Final Terms) as adjusted for any applicable margin.

Interest periods will be specified in the relevant Final Terms.

Zero Coupon Notes: Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Variable Coupon Amount Notes: The Final Terms issued in respect of each issue of Variable Coupon Amount Notes will specify the basis for calculating the amounts of interest payable, which may be by reference

to a stock index or formula or as otherwise provided in the relevant Final Terms.

Dual Currency Notes: Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange as may be specified in the relevant Final Terms.

Index Linked Notes: Payments of principal in respect of Index Linked Redemption Notes or of interest in respect of Index Linked Interest Notes will be calculated by reference to such index and/or formula as may be specified in the relevant Final Terms.

Interest Periods and Interest Rates: The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Denominations:

Notes will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements and save that the minimum denomination of each Note admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive will be €100,000 (or, where the Notes are denominated in a currency other than euro, the equivalent amount in such other currency).

Cross Default:

The Senior Notes will have the benefit of a cross default as described in Condition 13(a) (*Events of Default of Senior Notes*).

Taxation:

All payments in respect of Notes will be made free and clear of withholding or deduction of Italian taxation, unless the withholding or deduction is required by law. In that event, the Issuer will (subject as provided in Condition 12 (*Taxation*)) pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding or deduction been required.

However, as more fully set out in Condition 12 (*Taxation*), the Issuer will not be liable to pay any additional amounts to Noteholders with respect to any payment, withholding or deduction pursuant to Italian Legislative Decree No. 239 of 1 April 1996, as amended and supplemented, on account of Italian substitute tax (*imposta sostitutiva*), as defined therein in relation to interest or premium payable on, or other income deriving from, any Notes. See "Taxation" below.

Governing Law:

English law, except for Condition 5 (*Status and Special Provisions of Subordinated Notes*) and any non-contractual obligations arising from or connected therewith, which are governed by, and shall be construed in accordance with, Italian law.

Enforcement of Notes in Global Form:

In the case of Global Notes, individual investors' rights against the Issuer will be governed by a Deed of Covenant dated 26 June 2012 a copy of which will be available for inspection at the specified office of the Fiscal Agent.

Ratings:

Notes issued pursuant to the Programme may be rated or unrated. Where a Tranche of Notes is rated, its rating will not necessarily be the same as any rating applicable to the Programme. Details of the rating, if any, attributable to a Tranche of Notes will be specified in the relevant Final Terms. **A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.**

Whether or not each credit rating applied for in relation to relevant Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and Registered under the CRA Regulation (or is endorsed and published or distributed by subscription by such a credit rating agency in accordance with the Regulation) unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

Selling Restrictions:

There are certain restrictions on the offer, sale and transfer of the Notes. For a description of such restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the European Economic Area, the United Kingdom, the Republic of Italy and Japan, see "Subscription and Sale" below.

Risk Factors:

There are certain factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme. These are set out under "Risk Factors" below and include risks relating to competition and other operating and general banking risks, such as credit risk and interest rate risk. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and include risks related to the structure of a particular issue of Notes and risks common to the Notes generally.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. These factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Factors which the Issuer believes are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

*Words and expressions defined in "**Forms of the Notes**" and "**Terms and Conditions of the Notes**" or elsewhere in this Base Prospectus have the same meaning in this section. Prospective investors should read the entire Base Prospectus.*

Factors that may affect the Issuer's ability to fulfil its obligations under the Notes

General

An actual or perceived deterioration in the financial condition of the Issuer or its results of operations could have a negative impact on the ability of the Issuer to comply with its obligations under the Notes, and consequently could have an adverse effect which may harm the price or value of an investment in the Notes.

The Issuer's financial performance is affected by the general economic conditions, in particular in the Republic of Italy and Europe

Adverse changes or a general deterioration in the Italian, European or global economic conditions, or arising from systemic risks in the financial systems, could affect the recoverability and value of the Issuer's assets and require an increase in the Issuer's provision for bad and doubtful loans and other provisions.

The Issuer is not a retail bank and its core institutional role is to provide key financial and credit services to Banche di Credito Cooperativo (BCCs) network.

The BCCs' asset quality is exposed to domestic economic weakness through the composition of their loan portfolio, mainly to small enterprises and artisans. Sustained loan growth in the

past few years, coupled with high loan portfolio concentration in the real estate sector for some BCCs, makes their credit risk vulnerable to the domestic economic environment.

The Issuer is subject to capital requirements that could limit its operations

The Issuer is subject to capital adequacy guidelines adopted by the Bank of Italy for a bank or a bank holding company, which provide for a minimum ratio of total capital to risk adjusted assets both on a consolidated basis and on a non-consolidated basis expressed as a percentage. At least half of the total capital must be maintained in the form of Tier I capital. The Issuer's failure to maintain its ratios may result in administrative actions or sanctions against it which may impact the Issuer's ability to fulfil its obligations under the Notes.

Market risk

The market risk involved in the Issuer's business activities lies in the risk of possible losses arising from changes in the market due to fluctuating or changing interest rates, foreign exchange rates, share prices and prices in general. This risk encompasses both trading book and banking book positions. Positions of risk are the result either of business positions taken for or in respect of customers, or of a deliberate assumption of such positions.

Global market conditions

Beginning in the second half of 2007, disruption in the global credit markets, including the re-pricing of credit risk and the deterioration of the housing markets in the United States, the United Kingdom and elsewhere, created increasingly difficult market conditions, characterised by volatility, less liquidity or no liquidity, widening of credit spreads and a lack of price transparency in relation to certain assets.

As a result of the continuing financial crisis, conditions have been particularly challenging for financial institutions, resulting in the failure or instability of a number of them and unprecedented action by governments and central banks in many countries. It is difficult to predict how long these conditions will exist and how the Issuer will be affected. These conditions may be exacerbated by persisting volatility in the financial sector and the capital markets, or concerns about, or a default by, one or more institutions, which could lead to significant marketwide liquidity problems, losses or defaults by other institutions.

These conditions could materially adversely effect the Issuer's financial condition or results of operations in future periods.

Furthermore, it is not possible to predict what structural and/or regulatory changes may result from the current market conditions or the effect such changes may have on the Issuer or its prospects.

Risks arising from the sovereign debt crisis

The Issuer is affected by disruptions and volatility in the global financial markets. During the course of 2011, the debt crisis in the Eurozone intensified and four countries (Greece, Ireland, Portugal and Spain) have requested the financial aid of the European Union and the International Monetary Fund. Credit quality has generally declined, as reflected by downgrades suffered by several countries in the Eurozone, including Italy, since the beginning of the sovereign debt crisis in May 2010. The large sovereign debts and fiscal deficits in European countries have raised concerns regarding the financial condition of Eurozone financial institutions and their exposure to such countries. These concerns may have an impact on Eurozone banks' funding.

In particular, the Issuer's credit ratings are potentially exposed to the risk of reductions in the sovereign credit rating of Italy. On the basis of the methodologies used by rating agencies, further downgrades of Italy's credit rating may have a potential knock-on effect on the credit rating of Italian issuers such as the Issuer and make it more likely that the credit rating of Notes issued under the Programme are downgraded.

Default risk

A deterioration in the financial condition of the Issuer may have a material adverse effect on the Issuer resulting in the non-performance, in whole or in part, of the Issuer's obligations under the Notes.

The current crisis in the international finance markets and its unforeseeable global effects may have a material adverse effect on the Issuer resulting in the non-performance, in whole or in part, of the Issuer's obligations under the Notes.

Historical Information

The historical, financial and other information set out in the section headed "Iccrea Banca S.p.A." represents the historical experience of the Issuer. There can be no assurance that the future experience and performance of the Issuer will be similar to the past experience described in this Base Prospectus.

Changes in regulatory framework and accounting policies

The Issuer is subject to extensive regulation and supervision by the Bank of Italy, CONSOB, the European Central Bank and the European System of Central Banks. The banking laws to which the Issuer is subject govern the activities in which banks and foundations may engage and are designed to maintain the safety and soundness of banks, and limit their exposure to risk. In addition, the Issuer must comply with financial services laws that govern its marketing and selling practices.

The regulatory framework governing international financial markets is currently being amended in response to the credit crisis, and new legislation and regulations are being

introduced in Italy and the European Union that will affect the Issuer including proposed regulatory initiatives that could significantly alter the Issuer's capital requirements.

In particular:

- The Bank of Italy issued in 2010 and early 2011 a series of amendments to the Bank of Italy regulations in order to adopt the provisions of EU Directive 2009/27/EC, 2009/83/EC and 2009/111/EC (together, "**CRD II**"), which amended EU Directives 2006/48/EC (the "**CRD**") and 2006/49/EC and has changed, *inter alia*, the criteria for assessing capital eligible to be included in Tier I Capital and may require the Issuer to replace, over a staged grandfathering period, any existing capital instruments that do not fall within these revised eligibility criteria.
- EU Directive 2010/76/EU (known as CRD III) was issued on 24 November 2010 amending further the CRD as regards capital requirements for the trading book and for re-securitisations, and the supervisory review of remuneration policies. This Directive introduces a number of changes in response to the recent and current market conditions, such as:
 - increase of capital requirements for trading books to ensure that a bank's assessment of the risks connected with its trading book better reflects the potential losses from adverse market movements in stressed conditions;
 - imposition of higher capital requirements for re-securitisations to make sure that banks take proper account of the risks of investing in such complex financial products; and
 - restriction on the remuneration payable to individuals fulfilling roles with potential impact on a bank's profile.

The above changes have already come into force.

- In December 2010, January 2011, July 2011, October 2011 and December 2011, the Basel Committee on Banking Supervision (the "**Basel Committee**"), issued documents containing a capital and liquidity reform package (the "**Basel III Proposal**"). The main proposals are summarised as follows:
 - revision of the regulatory capital definition and its components, setting higher minimum levels for Common Equity Tier 1 capital adequacy ratios and introducing requirements for non-Core Tier I and Tier II capital instruments to have a mechanism that requires them to be written off or converted into ordinary shares at the point of a bank's non-viability;
 - abolition of the distinction between Tier II and Tier III capital instruments and between Lower Tier II and Upper Tier II capital instruments;

- non-recognition or phasing-out of recognition of certain existing capital instruments as Common Equity Tier I Capital, Additional Tier I Capital or Tier II Capital starting from 1 January 2013;
 - introduction of a capital conservation buffer designed to ensure that banks build up capital buffers outside periods of stress which can be drawn down as losses are incurred and a countercyclical buffer, and measures aimed at ensuring that systemically important financial institutions have loss-absorbing capacities which go beyond the minimum Basel III standards, in order to ensure that banking sector capital requirements take into account the macro-financial environment in which banks operate;
 - enhancement of risk coverage of the capital requirements framework, especially regarding derivatives and other off balance sheet items (counterparty credit risk), the exposures to central counterparties (CCPs) and the values of the risk parameters under stress conditions (market, credit and counterparty credit risk);
 - introduction of a leverage ratio requirement as a supplementary measure to the risk-based capital requirements;
 - promotion of stronger provisioning practices mainly by moving towards a forward looking (Expected Loss) provisioning approach; and
 - introduction of global common liquidity measurement standards for the banking sector, which will subject banks to minimum quantitative requirements for liquidity and increased risk weightings for "illiquid" assets.
- In the European Union, the Basel III Proposals are expected to be implemented by way of further changes to the CRD ("**CRD IV**"), which will be transposed into national law by EU Member States. On 20 July 2011, the European Commission published its legislative proposals for CRD IV which consisted of a new regulation and a new directive, which are intended to implement the Basel III Proposals and to replace the existing CRD.

The implementation of the Basel III Proposals will begin on 1 January 2013. However, the requirements are subject to a series of transitional arrangements and will be phased in over a period of time.

Significant uncertainty remains around the implementation of some of these initiatives. To the extent certain of these measures are implemented as currently proposed or announced, in particular the changes proposed or announced by the Basel Committee, they would be expected to have a significant impact on the capital and asset and liability management of the Issuer.

Such changes in the regulatory framework and in how such regulations are applied may have a material effect on the Issuer's business and operations. As the new framework of banking laws and regulations affecting the Issuer is currently being implemented, the manner in which those laws and related regulations will be applied to the operations of financial institutions is still evolving. No assurance can be given that laws and regulations will be adopted, enforced or interpreted in a manner that will not have an adverse effect on the business, financial condition, cash flows and results of operations of the Issuer. Prospective investors in the Notes should consult their own advisors as to the consequences for them of the application of the above regulations as implemented by each Member State.

Conflicts of Interest

Where the Issuer acts as Calculation Agent, potential conflicts of interest may exist between the Calculation Agent and Noteholders. Such potential conflicts may arise with respect to certain determinations and judgments that the Calculation Agent may make pursuant to the Notes, which may influence the amount receivable on redemption of the Notes.

Risks relating to the Notes

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time.

Redemption for tax reasons

Unless in the case of any particular Tranche of Notes the relevant Final Terms specifies otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Republic of Italy or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

Redemption for regulatory reasons

If the relevant Final Terms specified that Condition 10(c) (*Redemption for regulatory reasons*) is applicable, the Issuer may also, at its option, redeem Subordinated Notes following a Regulatory Event in accordance with Condition 10(c) (*Redemption for regulatory*

reasons). Any redemption of the Subordinated Notes is subject to the prior approval of the Bank of Italy, as further set out in Condition 10(f) (*Redemption of Subordinated Notes*).

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors which determine the amount of principal or interest (each, a "**relevant factor**"). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) the relevant factors may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a relevant factor is applied to the Notes in conjunction with a multiplier greater than one or contains any other leverage factor, the effect of changes in the relevant factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a relevant factor may affect the actual yield to investors, even if the average level is consistent with their expectations.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Fixed Rate Notes

Investment in Fixed Rate Notes involves the risks that substantial changes in market interest rates adversely affect the value of the Fixed Rate Notes.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or

other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Subordinated Notes

If the Issuer is declared insolvent and a winding up is initiated, it will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors) in full before it can make any payments on the Subordinated Notes. If this occurs, the Issuer may not have enough assets remaining after these payments to pay amounts due under the Subordinated Notes.

The payment obligations arising under Subordinated Notes are subject to additional limitations. Firstly, repayment of principal on the Subordinated Notes, whether at the

Maturity Date or otherwise, is subject to the approval of the Bank of Italy. Secondly, the claims of the holders of Upper Tier II Subordinated Notes in relation to payments of principal and interest will be reduced to the extent necessary to enable the Issuer to maintain its capital at certain minimum levels required by the Bank of Italy. Also, the Issuer may defer interest payments on Upper Tier II Subordinated Notes in certain circumstances where annual or interim dividends are not declared. In the case of Tier III Subordinated Notes, payment of interest and principal is subject to suspension where such payments would reduce the Issuer's total regulatory capital below the required regulatory capital, as provided in the then applicable Bank of Italy Regulations.

Any such reduction, deferral or suspension of payments of principal and interest is likely to have an adverse effect on the market price of Subordinated Notes. In addition, as a result of the provisions described above, the market price of Subordinated Notes may be more volatile than the market prices of debt securities which are not subject to such provisions and may be more sensitive generally to adverse changes in the financial condition of the Issuer and its group.

The Issuer's obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority to the claims of unsubordinated, unsecured creditors (including depositors) of the Issuer. Although Subordinated Notes may pay a higher rate of interest than comparable notes which are not subordinated, there is a real risk that an investor in Subordinated Notes will lose all or some of its investment should the Issuer become insolvent.

For a full description of the provisions relating to Subordinated Notes, see Condition 5 (*Status and Special Provisions of Subordinated Notes*).

Regulatory classification of the Notes

If any Subordinated Notes are issued under the Programme, the Issuer's intention is that they should qualify on issue as "Lower Tier II capital", "Upper Tier II capital" or "Tier III capital", as applicable, for so long as this is permitted under Bank of Italy regulations. Current regulatory practice by the Bank of Italy (acting as lead regulator) does not require (or customarily provide for) a confirmation prior to the issuance of Subordinated Notes that the Notes will be treated as such. In addition, as described in further detail in "Changes in regulatory framework and accounting policies" above, starting from 1 January 2013, it is expected that the recognition for regulatory capital purposes of certain capital instruments issued by banks will either cease or be phased out. Accordingly, there can be no assurance that Subordinated Notes will continue to qualify as "Lower Tier II capital", "Upper Tier II capital" or "Tier III capital", as applicable, during the life of the Notes or that the Notes will be grandfathered under the implementation of future EU capital requirement regulations. If the Notes are not grandfathered, or for any other reason cease to qualify, as "Lower Tier II capital", "Upper Tier II capital" or "Tier III capital", as applicable, the Issuer will have the

right to redeem the Notes in accordance with Condition 10(c) (*Redemption for regulatory reasons*).

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC (the "**EU Savings Tax Directive**") on the taxation of savings income, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or similar income paid by a person (within the meaning of the EU Savings Tax Directive) within its jurisdiction to, or collected by such a person (within the meaning of the EU Savings Tax Directive) for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Luxembourg and Austria may instead apply a withholding system in relation to such payments, deducting tax at a rate of 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non EU countries (including Switzerland) and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent (within the meaning of the EU Savings Tax Directive) within its jurisdiction to, or collected by such a paying agent (within the meaning of the EU Savings Tax Directive) for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

Taxation

The tax regime in the Republic of Italy and in any other relevant jurisdiction (including, without limitation, the jurisdiction in which each Noteholder is resident for tax purposes) may be relevant to the acquiring, holding and disposing of Notes and the receiving of payments of interest, principal and/or other income under the Notes. Prospective investors in the Notes

should consult their own tax advisers as to which countries' tax laws could be relevant and the consequences of such actions under the tax laws of those countries.

U.S. Foreign Account Tax Compliance Withholding

The Issuer and other non-U.S. financial institutions through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments made after 31 December 2016 in respect of (i) any Notes issued after 1 January 2013 and (ii) any Notes which are treated as equity for U.S. federal tax purposes, whenever issued pursuant to the U.S. Foreign Account Tax Compliance Act ("**FATCA**"). This withholding tax may be triggered if (i) the Issuer is a foreign financial institution ("**FFI**") (as defined by FATCA), which enters into and complies with an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide certain information on its account holders (a term which includes the holders of its debt or equity interests that are not regularly traded on an established securities market) (making the Issuer a "participating FFI"), (ii) the Issuer has a positive "passthru percentage" (as defined by FATCA), and (iii)(A) an investor does not provide information sufficient for the participating FFI to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States account" of such Issuer, or (B) any FFI through which payment on such Notes is made is not a participating FFI.

The application of FATCA to interest, principal or other amounts paid with respect to the Notes is not clear. If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Notes as a result of a holder's failure to comply with these rules or as a result of the presence in the payment chain of a non-participating FFI, none of the Issuer, any paying agent or any other person would, pursuant to the conditions of the Notes, be required to pay Additional Amounts as a result of the deduction or withholding of such tax. As a result, investors may, if FATCA is implemented as currently proposed by the IRS, receive less interest or principal than expected. Holders of Notes should consult their own tax advisers on how these rules may apply to payments they receive under the Notes.

The application of FATCA to Notes issued after 1 January 2013 (or whenever issued, in the case of Notes treated as equity for U.S. federal tax purposes) may be addressed in the relevant Final Terms or a supplement to the Base Prospectus, as applicable.

Change of law

The conditions of the Notes are based on English law in effect as at the date of this Base Prospectus, other than subordination and certain other provisions relating to Subordinated Notes, which are based on Italian law. No assurance can be given as to the impact of any possible judicial decision or change to English law (or Italian law) or administrative practice after the date of this Base Prospectus.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the Issuer

Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg. While the Notes are represented by one or more Global Notes, the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes. Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Delisting of the Notes

Application has been made for Notes issued under the Programme to be listed on the Official List and admitted to trading on the regulated market of the Luxembourg Stock Exchange and Notes issued under the Programme may also be admitted to trading, listing and/or quotation by any other listing authority, stock exchange or quotation system (each, a "**listing**"), as specified in the relevant Final Terms. Such Notes may subsequently be delisted despite the best efforts of the Issuer to maintain such listing and, although no assurance is made as to the liquidity of the Notes as a result of listing, any delisting of the Notes may have a material effect on a Noteholder's ability to resell the Notes on the secondary market.

Denominations and restrictions on exchange for Definitive Notes

Notes may in certain circumstances be issued in denominations including (i) a minimum denomination of €100,000 (or its equivalent in another currency) and (ii) an amount which is greater than €100,000 (or its equivalent) but which is an integral multiple of a smaller amount (such as €1,000). Where this occurs, Notes may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case, a holder who as a result of trading such amounts, holds a principal amount of less than the minimum denomination of €100,000 will not receive a Definitive Note in respect of such

holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to an integral multiple of €100,000.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. Where an issue of Notes is rated, investors should be aware that:

- (i) such rating will reflect only the views of the rating agency and may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and other factors that may affect the value of the Notes;
- (ii) a rating is not a recommendation to buy, sell or hold securities and may be subject to review, revision, suspension, reduction or withdrawal at any time by the assigning rating agency; and
- (iii) notwithstanding the above, an adverse change in a credit rating could adversely affect the trading price for the Notes.

Furthermore, in general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (1) the rating is provided by a credit rating agency operating in the EEA before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration has not been refused, or (2) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (3) the rating is provided by a credit rating agency not established in the EEA which is certified under the CRA Regulation.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

FURTHER PROSPECTUSES AND SUPPLEMENTS

The Issuer will prepare a replacement prospectus setting out the changes in the operations and financial conditions of the Issuer at least every year after the date of this Base Prospectus and each subsequent prospectus.

The Issuer has given an undertaking to the Dealers that, if at any time during the duration of the Programme there is a significant new factor, material mistake or inaccuracy relating to the information contained in this Base Prospectus which is capable of affecting the assessment of the Notes, it shall prepare a supplement to this Base Prospectus or publish a replacement Base Prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer any number of copies of such supplement as a Dealer may reasonably request.

In addition, the Issuer may agree with any Dealer to issue Notes in a form not contemplated in the section of this Base Prospectus entitled "**Form of Final Terms**". To the extent that the information relating to that Tranche of Notes constitutes a significant new factor in relation to the information contained in this Base Prospectus, a separate prospectus specific to such Tranche (a "**Drawdown Prospectus**") will be made available and will contain such information. Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the relevant Notes or (2) pursuant to Article 5.3 of the Prospectus Directive, by a registration document containing the necessary information relating to the Issuer, a securities note containing the necessary information relating to the relevant Notes and, if necessary, a summary note. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, references in this Base Prospectus to information specified or identified in the Final Terms shall (unless the context requires otherwise) be read and construed as information specified or identified in the relevant Drawdown Prospectus.

FORMS OF THE NOTES

Each Tranche of Notes will initially be in the form of either a temporary global note (a "**Temporary Global Note**"), without Coupons, or a permanent global note (a "**Permanent Global Note**"), without Coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in a new global note form (a "**Classic Global Note**" or "**CGN**"), as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank S.A./N.V. ("**Euroclear**") and/or Clearstream Banking, société anonyme, Luxembourg ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Note which is intended to be issued in new global note form (a "**New Global Note**" or "**NGN**"), as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "**Standards for the use of EU securities settlement systems in ESCB credit operations**" of the central banking system for the euro (the "**Eurosystem**"), *provided that* certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and the debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note without Coupons (as defined herein), interests in which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without Coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within 7 days of the bearer requesting such exchange.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership, *provided, however, that* in no circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

The Permanent Global Note will be exchangeable in whole, but not in part, for Notes in definitive form ("**Definitive Notes**"):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 13 (*Events of Default*) occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such

amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in (iii) above, Notes may be issued in denominations which represent the aggregate of (i) a minimum denomination of €100,000, plus (ii) integral multiples of €1,000, *provided that* such denominations are not less than €100,000 nor more than €199,000. For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Notes. However, a Noteholder who holds a principal amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons, interests in which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons, interests in which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership. See "Minimum denominations and restrictions on exchange for Definitive Notes".

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons (as defined herein) attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Where the Temporary Global Note is to be exchanged for Definitive Notes, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts whether in global or definitive form.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note, without Coupons, interests in which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms;
or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 13 (*Events of Default*) occurs.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in (iii) above, Notes may be issued in denominations which represent the aggregate of (i) a minimum denomination of €100,000, plus (ii) integral multiples of €1,000, *provided that* such denominations are not less than €100,000 nor more than €199,000. For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Notes. However, a Noteholder who holds a principal amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange. Where the Notes are listed on the Luxembourg Stock Exchange and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 19 (*Notices*).

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "Terms and Conditions of the Notes" below and the provisions of the relevant Final Terms which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Summary of Provisions relating to the Notes while in Global Form" below.

Legend concerning United States persons

In the case of any Tranche of Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

The sections referred to in such legend provide that a United States person who holds a Note, Coupon or Talon will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note, Coupon or Talon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

- (a) *Application:* This Condition 6 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.

Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (*Fixed Rate Note Provisions*) (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is 7 days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Fixed Coupon Amount:* The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.
- (d) *Calculation of interest amount:* The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Fixed Rate Note comprises more than one Calculation Amount, the Amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

7. **FLOATING RATE NOTE AND INDEX-LINKED INTEREST NOTE PROVISIONS**

- (a) *Application:* This Condition 7 (*Floating Rate Note and Index-Linked Interest Note Provisions*) is applicable to the Notes only if the Floating Rate Note

Provisions or the Index-Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable.

Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is 7 days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
 - (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and

- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *ISDA Determination*: If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
 - (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms.

- (e) *Index-Linked Interest*: If the Index-Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Final Terms.

- (g) *Calculation of Interest Amount*: The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount during such Interest Period and multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified currency (half a sub-unit being rounded upwards). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Floating Rate Note or an Index Linked Interest Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.
- (h) *Calculation of other amounts*: If the relevant Final Terms specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms.
- (i) *Publication*: The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also

promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

- (j) *Notifications, etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 (*Floating Rate Note and Index-Linked Interest Note Provisions*) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

8. ZERO COUPON NOTE PROVISIONS

 - (i) at any time (if neither the Floating Rate Note Provisions nor the Index-Linked Interest Note Provisions nor the Dual Currency Interest Note Provisions are specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions or the Dual Currency Interest Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (*Tax*), together with interest accrued (if any) to the date fixed for redemption, if:

- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than: 90 days prior to the earliest date on which the Issuer would be obliged to

pay such additional amounts if a payment in respect of the Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent (A) a certificate signed by a legal representative of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (B) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 10(b), the Issuer shall be bound to redeem the Notes in accordance with this Condition 10(b).

(c) *Redemption for regulatory reasons:*

changes, including changes to the grandfathering limits, made by the Bank of Italy to prescribed limits for "Lower Tier II capital", "Upper Tier II capital" or "Tier III capital", as applicable) ("**Regulatory Event**").

In this Condition 10(c), "**Minimum Disqualification Amount**" means (i) the proportion (expressed as a percentage) of the aggregate outstanding nominal amount of the relevant Subordinated Notes specified as such in the applicable Final Terms or (ii) where the applicable Final Terms so specify, any such proportion that is more than zero.

Prior to the publication of any notice of redemption pursuant to this Condition 10(c), the Issuer shall deliver or procure that there is delivered to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer stating that the said circumstances prevail and describe the facts leading thereto, in which event it shall be conclusive and binding on the Noteholders, the Receiptholders and the Couponholders.

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Terms and Conditions of the Notes to "**Noteholder**" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depository or a common depository (in the case of a CGN) or a common safekeeper (in the case of an NGN) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depository or common depository or, as the case may be, common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the bearer of the Global Note.

Exchange of Temporary Global Notes

Whenever any interest in a Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure:

- (a) in the case of first exchange, the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and (in the case of an NGN) effectuated, to the bearer of the Temporary Global Note; or
- (b) in the case of any subsequent exchange, an increase in the principal amount of such Permanent Global Note in accordance with its terms,

in each case in an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and received by the Fiscal Agent against presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 7 days of the bearer requesting such exchange.

Whenever a Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange. See "Form of the Notes – Minimum denominations and restrictions on exchange for Definitive Notes".

If:

- (a) a Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (Luxembourg time) on the seventh day after the bearer of a Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Temporary Global Note has requested exchange of the Temporary Global Note for Definitive Notes; or
- (c) a Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of a Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note or increase the principal amount thereof or deliver Definitive Notes, as the case may be) will become void at 5.00 p.m. (Luxembourg time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of (b) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of (c) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under a deed of covenant dated 26 June 2012 (the "**Deed of Covenant**") executed by the Issuer). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Definitive Notes will not be printed in respect of an amount of Notes which are less than the Minimum Denomination.

Where the Notes are listed on the Luxembourg Stock Exchange and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 19 (*Notices*).

In addition to the requirements and procedures set out in this section, any exchange of Temporary Global Notes will be subject to the requirements and procedures set out under "Form of the Notes".

Exchange of Permanent Global Notes

Whenever a Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and, where applicable, with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the Specified Office of the Fiscal Agent within 30 days of the bearer requesting such exchange. See "Form of the Notes – Minimum denominations and restrictions on exchange for Definitive Notes".

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Permanent Global Note has duly requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) a Permanent Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Permanent Global Note in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of (a) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the

Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Definitive Notes will not be printed in respect of an amount of Notes which are less than the Minimum Denomination.

Where the Notes are listed on the Luxembourg Stock Exchange and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 19 (*Notices*).

In addition to the requirements and procedures set out in this section, any exchange of Permanent Global Notes will be subject to the requirements and procedures set out under "Form of the Notes".

Conditions applicable to Global Notes

Each Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that, in respect of a CGN, the payment is noted on a schedule thereto and, in respect of an NGN, the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

Exercise of put option: In order to exercise the option contained in Condition 10(f) (*Redemption at the option of Noteholders*), the bearer of the Permanent Global Note must, within the period specified in the Conditions for the deposit of the relevant Note and Put Option Notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 10(d) (*Redemption at the option of the Issuer*) in relation to some only of the Notes, the Permanent Global Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and

Clearstream, Luxembourg, at their discretion, as either a pool factor or a reduction in principal amount).

Notices: Notwithstanding Condition 19 (*Notices*), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 19 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system; except that for so long as such Notes are admitted to trading on the Luxembourg Stock Exchange and it is also a requirement of applicable laws or regulations, such notices shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

Payment Business Day: Notwithstanding the definition of "Payment Business Day" in Condition 2(a) (*Definitions*), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, "Payment Business Day" means:

- (a) if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or
- (b) if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

The Group's internal structure

A diagram setting out the structure of the Group is set out below.

History and Development

The origins of the Issuer in the form in which it stands today can be traced back to the 1960's.

"*Istituto di Credito delle Casse Rurali e Artigiane*" (Credit Institute of Rural and Artisan Banks) (the "**Credit Institute**") was incorporated on 30 November 1963 with approximately 190 rural banks signing its charter.

In the early years of its business activities, the Credit Institute provided services to a growing number of banks. During the early seventies the number of client banks (the BCC and CR (each as defined below)) that the Credit Institute was serving continued to expand, resulting in its establishment of separate departments to provide banking services to better meet the requirements of companies within the group.

In 1975 the *Fondo Centrale di Garanzia* was also established. This was one of the first examples in Italy of a funding system providing key financial and credit services to a network of banks.

Twenty years after its establishment, coupled with an increased growth in the agricultural banking system, the role of the Credit Institute was becoming increasingly important.

In 1985 *Sezione Speciale per il Credito alla Cooperazione* at BNL (the department of Banca Nazionale del Lavoro that specialises in lending to rural business cooperatives) authorised the Credit Institute to provide loans to rural banks for lending to various cooperatives.

Also in that year, the Credit Institute increased its share capital to 80 billion Italian liras and established the *Società Coogestioni*, which issued the *Fondo Aureo* (golden fund) on the market.

In 1992 the Credit Institute became a member of the UNICO Banking Group resulting in an expansion of its presence in the European market.

In 1995 Iccrea Holding S.p.A. and the Issuer were established and the banking activities of the Credit Institute were transferred to the Issuer.

On 1 July 1995 the Issuer became an official member of the UNICO Banking Group.

In 1997 the Issuer joined the newly-established *Fondo di Garanzia dei Depositanti del Credito Cooperativo* and a year later it was active in a number of the divisions of the Milan stock exchange (including in shares, bonds and derivatives) also becoming a primary dealer on the wholesale market for Government bonds.

On 29 July 1999 by extraordinary resolutions of the shareholders the name of Iccrea S.p.A. was changed to "**ICCREA BANCA – Istituto Centrale del Credito Cooperativo** – joint-stock company" with effect from 1 January 2000.

In 2000, the Group launched a complex and strategic reorganisation of its banking businesses/operations with the aim of bringing the Issuer closer to the credit cooperative banks and their markets.

In 2000, the share capital of the Issuer was 420 billion Italian liras and on 22 September 2000 the Board of Directors agreed to the conversion of the above mentioned share capital to the amount of Euro 216,913,200.

Strategy

The Parent Company is currently implementing a 2011-2013 business plan and has provided its subsidiaries with the relative guidelines. This 2011-2013 business plan is aimed at completing the strategic rationalisation and repositioning of the Group and continuing to provide support to customers of the Issuer (namely, Italian credit cooperative banks ("**BCC**") and rural banks ("**CR**")) with a view to assisting the BCC and CR to provide certain services in turn to their own customers.

The 2011-2013 business plan is the response of the Group to the continuing global financial crisis, and comprises a careful assessment of the effectiveness of actions already taken as well as setting out some further priorities which have the following scope:

- limiting liquidity and credit risk;
- maintaining a suitable level of capitalisation;
- limiting costs¹; and
- completing a review of the service and organisational structure models of the Group to increase the efficiency, effectiveness and improve the capacity for governance.

The review of the business model and the systems offered in order to provide support to the BCCs requires: commercial alliances and industrial partnerships; framework agreements and

¹ Differently from traditional banking and financial intermediaries, the Group operates according to a "market of reference" logic. This means that the objectives cannot only be traced to the remuneration of the invested capital or dimensional growth, but must consist in the support of the BCCs' needs and, therefore, in the supply of the products and services necessary to ensure them maximum levels of competitiveness in Italy. It therefore follows that:

- remuneration of the invested capital is not exclusively represented by the dividends distributed, but rather by all income made available, whether quantifiable (dividends, commission, lesser expenses) or non-quantifiable, namely intangible income (interaction with domestic and international markets, specialised know-how, operational support); and
- growth of the Group must be, to a broader extent, sought through the development of the BCC market shares and the development of the share of Group penetration.

strategic participations; evolution of the range offered; rationalisation of the service models; and organisation of territorial presence.

The three-year 2011-2013 business plan was created focusing on the Issuer's planning activity relating to the following: definition of business objectives per single business unit in relation to the changed market context forecast; cost rationalisation; risk containment; determination of financial and equity needs.

A full review of the organisational structure of the Issuer has taken place in accordance with the repositioning guidelines of the Parent Company, which have determined:

- centralisation in the Issuer of the Group's finances and IT;
- the transfer of the credit company branch in the foreign, special loans and beneficial rate loans sectors to Iccrea BancaImpresa S.p.A.; and
- analysis of the positioning of the activities of Deposit Bank and Securities Administration.

Overview of business activities

The Issuer's corporate purpose is to: "*...facilitate the activities of Cooperative Credit Banks (BCC), by supporting and strengthening their banking business through the provision of loans, technical support, and financial assistance...*" (article 4, paragraph 2, of the Issuer's Articles of Association).

The Issuer's primary purpose is to support and strengthen the banking businesses of the BCCs through all forms of lending, technical and financial assistance in accordance with the procedures set out in the relevant bank's articles of association as well as through other initiatives aimed at facilitating the interests of the BCC.

The BCCs are local and rural banks that provide banking services in a defined, limited geographical area and mainly to their shareholders. Currently there are 412 BCC active in the Italian market, spread across the Republic of Italy in approximately 2,704 Italian municipalities. Many of them are clients of the Issuer.

As set out in the abovementioned article 4 of the Articles of Association of the Issuer, the corporate purpose of the Issuer includes the collection of savings, lending and factoring. The Issuer may carry out subject to and in compliance with applicable regulations banking and financial transactions and services, as well as any transactions which may be instrumental to, or in any case related to, the fulfilment of its corporate purpose.

The Issuer may, subject to and in accordance with existing laws and regulations, issue bonds, hold equity interests in other companies (including majority interest holdings in companies

which carry out business activities) *provided that* they contribute towards the fulfilment of the Issuer's corporate purpose.

The Issuer prepares a regular management report, in accordance with a specific "**data model**", reporting on the results obtained by the individual business areas into which the Issuer's activities are subdivided.

These individual business areas are described as follows:

- finance and credit;
- payment systems; and
- corporate centre (includes central governance and support functions and agency service).

This break-down of the business functions reflects the operating responsibilities based on the Issuer's organisational structure; the business areas are made up of an aggregation of units and business lines which have similar characteristics regarding the type of products and services provided and regulatory requirements affecting the way the Issuer is authorised to do business.

Business Units

The Issuer's activities within each business area described under "***Overview of business activities***" above are split into units which comprise (i) activities that the Issuer carries out on its own account, and (ii) services that it provides to the BCC in accordance with its corporate purpose. Below is a description of the units within each business area summarising the scope of each such unit's activity.

⁶ Total operating costs means the sum of the following items: Administrative expenses (Income Statement Item 150), Net adjustment of property and equipment (Income Statement Item 170) and Net adjustment of intangible assets (Income Statement Item 180).

⁷ Gross operating profit/(Loss) means the item 250 of the Income Statement "Profit (loss) before tax on continuing operations" net of item 130 of the Income Statement "Net losses/recoveries on impairment" and of item 160 of the Income Statement "Net provisions for risks and charges".

Finance and Credit

The finance and loan business area operates in various sectors providing support to the operational needs of the BCC maintaining in the meantime a low risk level.

Proprietary Finance & Trading

The "***U.O. Finanza Proprietaria e Trading***" manages activities for the Issuer in relation to the trading book and provides a mechanism for identifying borrowing requirements at the individual and consolidated levels. This involves monitoring and overseeing management of risks relating to interest rates, foreign exchange and liquidity of the banking book.

The business unit, in the current structure, is given the following tasks and responsibilities:

- (a) market making in respect of the multilateral trading system (as Hi-Mtf Sim S.p.A.);
- (b) management of portfolios owned by the Issuer, including certain assets held through unlisted derivative financial instruments;
- (c) trading of government securities on regulated markets, multilateral trading systems and/or outside the market;
- (d) activities carried out in order to identify the financial needs of the Issuer and those of other companies within the Group and to formulate proposals for the management of risks related to interest rates, foreign exchange and liquidity, and in order to determinate investment proposals for holding proprietary assets.

Money Markets – "U.O. Mercati Monetari"

The "***U.O. Mercati Monetari***" operates in the monetary, foreign exchange and precious metals markets providing management of funding received by the BCC and the relevant structures of the Issuer, by ensuring at the Issuer and the Group consolidated levels the supervision of funding requirements in respect of short term commitments and the management of liquidity in respect of short term and foreign exchange requirements.

This business unit also oversees the development of the treasury procedures connected to regulatory systems (Target, CLS, etc.).

In 2011, the "U.O. Monetary Market" business area oversaw the liquidity risks of the Bank, the Group and the BCCs in the context of various systemic crises in the banking sector both at a national and European level.

The short-term treasury sector also saw the launch in 2011 of the new "partner bank" strategy whereby the Issuer assists the BCC in analysing the needs of its customers in order to provide tailored investment solutions by offering competitive products.

Customer Desk – "U.O. Customer Desk"

The "*U.O. Customer Desk*" provides on behalf of the BCC, other client banks, the companies within the Group and the internal structures of the Issuer, certain financial investment services including: execution of orders on behalf of clients, collection and transmission of orders and placement services.

In 2011, the *U.O. Customer Desk* continued to develop its own investment service offer model on the basis of the continuous evolution of its customers' needs. This action is focussed on :

- identification of new operative demands of the BCCs and their customers;
- innovation of supporting operations for technological devices; and
- developing a best execution model.

This enabled the launch of some important projects, including, in particular:

- the extension of bond trading venues through the adhesion to the ExtraMOT market of Borsa Italiana;
- the activation of the new functions of the dynamic best execution engine (the Smart Order Router), referred to as "sweeping" and "order recycling";
- the extension of electronic operations to sixteen foreign contexts (from the previous ten) and the adoption of the dynamic best execution;
- the listing of the bonds issued by the BCCs on the HI-MTF market.

With respect to trading and bonds-order collection, the financial crisis affecting Italian government bonds has caused a dramatic rise in returns to levels not seen since the introduction of the Euro and a consequent drop both in volumes traded by the BCCs (both on their own account and for third parties) and reduced listing activities.

The activity that has instead yielded economic results above expectations is trading in OTC derivatives. The demand by BCCs for transactions to hedge the interest rates risk has produced business volumes of Euro 4.3 billion in 2011, which was 52.3% above budget.

Securitisations

Together with the other operational units and members of the Group, the Issuer has been involved in several securitisation transactions carried out by BCC and other companies within the Group.

The main activities performed in 2011 are as follows:

- obtaining a second rating of the senior notes issued under the "Credico Finance 8" securitisation in order to maintain eligibility for ECB repo purposes;
- obtaining a second rating of the senior notes issued under the "Agricart 4 series 2009" securitisation for Iccrea BancaImpresa ("**IBI**") in order to maintain eligibility for ECB repo purposes;
- structuring of a new securitisation of residential mortgages named "Credico Finance 9" with loans originated by 18 BCCs for an amount of approximately Euro 637 million;
- structuring and co-arranging with UBS of a new securitisation of leasing receivables for IBI named "Iccrea SME Cart" for an amount of approximately Euro 607 million, where the senior notes were subscribed by the EIB for Euro 287.6 million;
- liquidation of the vehicle company, belonging to the Group, named Credico Finance (2001); and
- contractual amendments to all the Credico Finance securitisations to include a cash reserve.

Asset Management – "MA. S. Management" ("MA.S.")

The "*U.O. MA. S. Management*" advises on and manages the securities portfolios of the BCC and institutional clients. It also provides with regard to the BCC and other client banks consultancy services on investment matters.

In 2011, activities were affected by trends in the financial markets due to the debt and liquidity crises affecting the EU countries. Several banks withdrew liquidity from MA.S. management, significantly reducing volumes conferred. Moreover, the prevalent tendency was taken by the banking system to classify the financial instruments held in the proprietary portfolios as far as possible into AFS (available for sale) accounting categories, thereby limiting the possibility of frequent trading.

In this context, the Issuer has offered an advisory service as an alternative to a management service.

In 2011, under the scope of portfolio management on behalf of BCC Vita, the assets management grew overall by approximately Euro 100 million by virtue of the new deposits realised mainly on guaranteed separate management, which grew from Euro 469 million to 529 million. Total asset management on behalf of BCC Vita amounted to approximately Euro 1,068 million.

Asset & Liability Management – "U.O. A.L.M."

The "U.O. A.L.M. – Asset & Liability Management" analyses the assets and liabilities of the client banks and proposes financial actions and/or instruments aimed at optimising the management of the risk/yield profiles and capital usage. It provides consultancy services to the BCC on issues of advanced financial management, including estimates of the economic value of complex financial instruments and connected risk profiles.

In the context of ICAAP, the Issuer has to identify risks to which it could be exposed or risks that could damage its operation, pursuit of strategies and satisfaction of corporate objectives.

The provision of the Issuer's ALM (*asset liability management*) service, because of its structure and corporate purposes, is directed at BCC and CR as well as strategic groups (*federazioni*) of BCC and CR so as to reinforce the capacity to govern effectively and balance the risks associated with the management of industrial assets.

For local strategic groups (*federazioni*) of BCC, activity is focused on direction and control of the balances of their associates. For the BCC and CR, the focus is on providing support to management in the area of policy relating to equity placement for a given level of risk.

The U.O. ALM is also aimed at CAM solutions (*capital active management*) i.e. at providing analysis and solutions for the equity financial, economic, and risk balances of the BCC.

In 2011, in order to enable a more effective use of the ALM service by the BCCs and CR, the Issuer offered ALM through a web platform and with Apple technology.

Loans and receivables

The "U.O. Loans and receivables" provides services in relation to the processing of loans in Euros, foreign exchange and special loans for clients (institutional, large corporate, retail customers and employees of the Issuer). It also provides additional services such as development, pricing, management and monitoring of loans.

In 2011, the focus was on providing services to the BCC and CR and to companies within the Group and, to a lesser extent, to retail customers such as employees of the Group and/or clients referred to the Issuer by the BCC and CR, and through a policy of developing services obtaining the trust of very important large corporates.

In 2011, 648 financing operations were assured as compared with 325 in 2010 (+100%). Credit facilities were also granted with new technical forms (guaranteed credit openings - pool collateral) to meet the BCCs' liquidity needs.

In compliance with the "New Prudential Supervisory Instructions for Banks" issued by the Bank of Italy (on the management of liquidity risk) in 2010, the Issuer has further refined the process for the new configuration of the treasury credit facilities in favour of the BCCs.

More specifically, the Issuer's offer has been extended in terms of treasury lines, perfecting an instrument that had already been used previously, making available the opening of collateral-backed loans - "securitised pool" - to supplement the "ECB Auctions Service" and "forward" operations.

This activity became fully functional during the second half of 2011, with the completion of 383 authorisation decisions for transactions in "pools of collateral". In so doing, the BCCs had available a liquid instrument to make the most of the opportunities offered up by the market.

Correspondent Banking

Correspondent Banking mainly concentrated on two lines: the relationships network and the management of reputational risk. In 2011, the Group had 52 counterparties of whom more than 29 had never previously had relations with the Group. More specifically, activity was focused on countries which are important for Italian exports, namely India, Turkey, Russia, the Middle East and China.

In 2011, a due diligence evaluation process on foreign counterparties was prepared to enable the Issuer to improve its knowledge of them in order to provide the BCCs with a network of contacts with which to carry out transactions.

Payment Systems

Collection and Payment – "U.O. Incassi e Pagamenti"

The "U.O. Incassi e Pagamenti" manages products and services offered by the Issuer in relation to domestic and international payment systems, with the exception of documented operations connected to the import/export of goods. This unit manages the current account reports with ordinary retail clients, companies, the BCC, Movement companies/entities and employees. It carries out the custody and management of cash, securities and assets whether owned or under administration. It supervises the formalities connected with the paperwork in the clearing process.

In the traditional payments sector, operations of the Collections and Payments Service are aimed at improving the quality of the services offered by BCC, with the aim of meeting the needs of the same facilitating their increased market penetration.

In particular, the adaptation to new international legislation responsible for introducing regulations such as PSD (the Payment Services Directive), SEPA DD (direct debit), SEPA CT (credit transfer) and SECA (Cash), was carried out, aimed at minimising the impact on the BCCs. This involved making the necessary organisational and application modifications to be ready for the exchange of the related flows.

In 2011, the work of the "*U.O. Incassi e Pagamenti*" had the following objectives, in the interests of the BCCs;

- to implement the trade and regulation of collections/ payments towards banks situated within and outside the EU; and
- to minimise the costs that each individual BCC would incur to make the trade both on an operative level (connections, technological infrastructures, procedures, etc.) and on the level of regulatory monitoring.

E-bank service – "Servizio E-bank"

The "*Servizio E-bank*" promotes and develops matters regarding domestic and international payment systems and connected services offered to clients.

This service oversees research, exploration, verification of the validity and applicability of new products, both from the technical and managerial points of view.

The E-bank service has the responsibility of proposing, creating or contributing to the creation of suitable products/services which, in line with the central management development plan, meet – and when possible anticipate – the needs of clients. This service collaborates externally with institutional and trade entities (ABI, CIPA, etc.) and acts closely with the commercial units.

E-money services have developed through a phase of significant evolution which has brought them to hold even more prominent positions in the banking sector, both domestically and internationally.

The needs of the banking and finance sector today especially concern the integration of systems, internationalisation, insourcing, safety, conflicts and management of fraud.

Some notable factors impacting on the regulatory, procedural, and technological development of the sector have been determined by bodies and initiatives known as SEPA (Single Euro Payment Area), EAPS (Euro Alliance of Payment Schemes), and PSD (Payment Services Directive), aimed at unifying, regulating, and rationalising business, without leaving behind customer protection in terms of information and transparency, in adapting systems to each local market.

To satisfy the new requirements relating to the issue of affiliation cards, important requirements are necessary on all e-money service products, including authorisations to issue, which require a differentiated parameter system as well as a specific management of the new safety/authentication components.

The emergence of further opportunities related to retail and new delivery channels (mobile, Internet) need to be considered, in that they claim their own space in the world of electronic

payments. In sharing these principles and accepting these indications, the Issuer is aligned with regulatory and market evolution, also taking advantage of specific collaboration in the realisation of systems and applications.

In 2011, the Issuer has significantly extended the product range both in the "family" segment (CartaBCC "powered"), SMEs (Carta Impresa, Carta tasca Prepagata "Salary") and the young (Carta Ateneum and Carta Jamboree).

By identifying the Issuer as a single issuer and acquirer for the entire BCC and CR industry, the Issuer simplifies and rationalises the operating chain of e-money services, reinforces the quality and security of the catalogue of products/services, and provides a combined and centralised management of relationships with institutions, suppliers, and business partners.

All three components of the Issuing sector (debit, prepaid and credit) recorded an appreciable increase in volumes that can be summarised as follows at the end of 2011:

- (a) debit cards issued with chip technology, migrating from the old magnetic strip card, totalled 1.8 million;
- (b) active prepaid cards issued increased from 222,000 at the end of 2010 to 246,000 at the end of 2011 (an increase of 10.6%); and
- (c) credit cards issued showed a sustained increase of 4.1%, moving from 602,000 at the end of 2010 to 627,000 at the end of 2011.

It should also be noted that the "acquiring bank" sector grew in 2011 with brokered volumes increased by 11.7% reaching 13.3 billion in 2011 (of which 9.5 billion relating to the 8000 pagobancomat circuit +ATMs and 4.1 billion referring to the international circuit) as compared with 11.9 billion in 2010, with a 11.7% increase.

The process of adapting the ATM and POS (*point of sale*) terminals to microcircuit technology also progressed at a sustained rate with 110,930 POSs, of which 41,430 migrated at end 2011, and 4,091 ATMs, of which 250 migrated at the end of 2011.

The position of the Issuer as the only major operator in the area of the Cooperative Credit Movement regarding supplying of e-money services and products will be enhanced by further new products and developments in the sector.

Application Centre – "U.O. Applicazioni Centro Applicativo Interbancario Standardizzato"

The "U.O. Applicazioni Centro Applicativo Interbancario Standardizzato" promotes and develops matters regarding the typical activities of an "application centre" overseeing the planning/implementation/management of correlated systems (RNI, SWIFT, etc.) and services. It ensures the development of applications related to the activities of a "Clearing Bank".

Corporate Centre

Securities Administration – "U.O. Amministrazione Titoli"

The "U.O. Amministrazione Titoli" is responsible for the administration of the financial instruments of the Issuer and third parties, and maintaining the administrative relationships with public bodies governing the regulation and custody of financial instruments.

Depository Bank – "Servizio Banca Depositaria"

The "Servizio Banca Depositaria" is responsible for the fulfillment of the obligations connected to the function of a depository bank, specifically:

- (a) it assesses the operations carried out by the management companies and their compliance with any laws, regulations and instructions of the competent supervisory body;
- (b) it confirms the conformity of the procedures of calculating the value of the securities, the accuracy of the respective publications, the legitimacy of the legal notifications and accounts;
- (c) it oversees the assets of the funds by assessing the adequacy of the administrative processes provided from time to time;
- (d) it conducts operational relations with management companies, connection networks and any other competent entities.

In the area of Securities Services, the Issuer is responsible for the development and market offering of products/services regarding three specific areas of activity: Custody (Post trading, Settlement, Custody); Securities Back Office Outsourcing; Custodian Bank.

As a partner able to satisfy the entire value chain of administrative and regulatory services for securities, the Issuer's activity in the Securities Services unit has been focused on offering customers a single depository; it also provides flexibility in managing even non-standardised models, personalising the offered products/services to the needs of customers.

The Issuer's activity in the Securities Services unit continues to be, for the BCCs and other clients, an affordable and efficient opportunity compared with internal process management and in direct adherence to the Central Regulatory and Guarantee Systems.

The Issuer offers an integrated system that allows customers to interface with a single counterparty benefitting from easier market access; technological investments; management, maintenance, and development of applications; and processing and operating activities.

The Issuer's Global Custody service was set up to ensure a complete and integrated service and to satisfy the entire range of needs for administrative and regulatory services for securities, providing in this way an adequate response to the needs of BCC-CR.

In the role of Custodian Bank, the Issuer provides, in particular with regard to Aureo Gestioni, services of custody, administration, and equity control, legal compliance, compliance with fund regulations and the ordinance of the relevant supervisory bodies. Attention was also given to Pension Funds and Real Estate Investment Funds.

As at the end of 2011, the managed volume reached Euro 90.5 billion.

The Issuer's deposits primarily consist of interbank deposits. As at 31 December 2011, interbank deposits amounted to Euro 15,451.9 million with an increase of 178% on December 2010 (+ Euro 9,892.9 million); Within the inter-bank deposits of this aggregate, CB (Cooperative Banks)-CR (Rural Banks) deposits increased by 26.5% (from Euro 4,512.9 million as at 31 December 2010 to Euro 5,707.7 million as at 31 December 2011) with an increase of 831.4% in due to other banks (from Euro 1,046.2 million as at 31 December 2010 to Euro 9,744.2 million as at 31 December 2011). Risks and related hedging policies

The Group considers risk protection and control systems to be important requirements for guaranteeing a reliable and sustainable generation of value, protecting financial solidity and permitting adequate management of portfolios of assets and liabilities.

In relation to its lending activity, the Issuer has focused on:

- (a) supporting the BCCs in the agricultural sector;
- (b) developing relations with companies, within the BCCs area, that have a strong international approach;
- (c) being the main key centre for subsidised loans for the BCC;
- (d) the funding needs of the BCCs by, for example, granting overdrafts, ceilings and maximum operational limits;
- (e) developing, with the cooperative community, loans pooled with the BCCs to the members of Confcooperative; and
- (f) the expansion of business with big corporate entities, consistent with the development of relations between these companies, the BCCs and the payment and electronic money services offered by the Issuer.

Credit Risk Management

Monitoring

In order to maintain the quality of its loan portfolio, the Issuer has a policy of careful evaluation of creditworthiness and the constant monitoring of its loan positions.

Lending risk

A centralised department establishes the procedures for evaluating the types of risks attached to each loan granted by the Issuer. The department also monitors the overall risk, verifies capital adequacy and evaluates the performance of lending activities in terms of risk/return. In addition, the process of debt recovery is supervised centrally and the debt recovery activities of the Issuer are coordinated.

Bad Debts

In accordance with the Bank of Italy's system of classification, the Issuer divides its loans into separate categories including, amongst others, (i) "substandard loans" for borrowers which are experiencing financial or economic difficulties that are likely to be temporary ("*incagli*") and (ii) "bad loans" for borrowers against whom insolvency or similar proceedings have been instituted ("*sofferenze*").

The Issuer's loan portfolio is monitored regularly to review the prospects of recovery and estimated losses and the Issuer makes specific provisions tied to the expected loss on each non-performing loan, problem loan or, if deemed necessary, on certain performing loans.

As at 31 December 2011, the amount of net bad loans was Euro 30,725,000, increasing from Euro 19,130,000 in 2010.

The following table sets out the breakdown of the Issuer's bad loans (*sofferenze*) as at 31 December 2011 and 2010:

- Financial liabilities at fair value through profit or loss Euro 723,728,865 (Euro 300,364,612 as at 31 December 2010)

Capital Ratios

The Bank of Italy has adopted risk-based capital ratios pursuant to EU capital adequacy directives. Italy's current requirements are similar to the requirements imposed by the international framework for capital measurement and capital standards of banking institutions of the Basel Committee on Banking Regulations and Supervisory Practices. Capital ratios consist of core (Tier I) and supplemental (Tier II) capital requirements relating to the Issuer's assets and certain off-balance sheet items weighted according to risks ("**risk-weighted assets**").

Under the Bank of Italy's regulations, the Issuer is required to maintain a total capital ratio (that is, the ratio of total capital to total risk-weighted assets) of at least 8 per cent.

The Issuer's capital ratios as at 31 December 2011 and 2010, which are illustrated in the table below, exceed the minimum levels prescribed by the Bank of Italy.

TAXATION

The statements herein regarding taxation are based on the laws in force as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes.

Republic of Italy

1. *Tax treatment of Notes which qualify as "obbligazioni" (bonds) or "titoli similari alle obbligazioni" (securities similar to bonds)*

Italian Legislative Decree No. 239 of 1 April 1996 ("**Decree 239**") sets out the applicable regime regarding the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "**Interest**") from notes falling within the category of bonds ("obbligazioni") or debentures similar to bonds ("titoli similari alle obbligazioni") issued, *inter alia*, by Italian banks.

1.1 *Italian resident Noteholders*

Where the Italian resident Noteholder is:

- (a) an individual not engaged in an entrepreneurial activity to which the Notes are connected (unless he has opted for the application of the *risparmio gestito* regime – see under "Capital gains tax" below);
- (b) a non-commercial partnership;
- (c) a non-commercial private or public institution; or
- (d) an investor exempt from Italian corporate income taxation,

interest, premium and other income relating to the Notes, accrued during the relevant holding period, are subject to a withholding tax, referred to as "*imposta sostitutiva*", levied at the rate of 20 per cent. In the event that the Noteholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional tax.

Where an Italian resident Noteholder is a company or similar commercial entity, or a permanent establishment in the Republic of Italy of a foreign company to which the Notes are effectively connected, and the Notes are deposited with an authorised intermediary, Interest from the Notes will not be subject to imposta sostitutiva. They must, however, be included in the relevant Noteholder's income tax return and are therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the "status" of the Noteholder), also to IRAP (the regional tax on productive activities).

Under the regime provided by law-decree No. 351 of September 25, 2001 converted into law with amendments by law No. 410 of November 23, 2001, as clarified by the Agenzia delle Entrate through Circular No. 47/E of August 8, 2003, payments of interests in respect of the Notes made to Italian resident real estate investment funds established pursuant to article 37 of Legislative Decree 24 February 1998, No. 58 and article 14-bis of Law 1 January 1994, No. 86, are not subject to imposta sostitutiva. The taxation of the real estate fund has been repeatedly amended by Law Decree No. 78 of 31 May 2010 as converted, with amendments, into Law No. 122 of 30 July 2010 and by Law Decree No. 70 of 13 May 2011 as converted, with amendments, into Law No. 160 of 12 July 2011. Such new legislations have not affected the taxation of the Notes as described above.

Where the holder of the Notes is an Italian resident investment fund, interest payments relating to the Notes are not subject to imposta sostitutiva (nor to any Italian income in general). Under the tax regime applicable until 30 June 2011, Italian resident investment funds are subject to a 12.5 per cent. annual substitute tax on the year-end accrued appreciation of the managed assets. Such increase includes interest accrued on the Notes which, in turn, are not subject to the imposta sostitutiva *provided that* the Notes are deposited with an authorised intermediary. A new legislation affecting the taxation of the Italian resident investment funds has been enacted by Law Decree No. 225 of 29 December 2010 as converted, with amendments, into Law No. 10 of 26 February 2011 which came into force as of 1 July 2011. The new regime is based on incomes being taxed at the time they are realized by the investors of the funds and no longer on the year-end management result. Such reform has not affected the taxation regime of the interest payments relating to the Notes which continues not to be subject to imposta sostitutiva stated by Decree 239.

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by article 17 of the Italian Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an authorised intermediary, Interest relating to the Notes and accrued during the holding period will not be subject to imposta sostitutiva, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to an 11 per cent. substitute tax.

Pursuant to Decree 239, imposta sostitutiva is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Finance (each an "**Intermediary**").

An Intermediary must (a) be resident in the Republic of Italy or be a permanent establishment in the Republic of Italy of a non-Italian resident financial intermediary, and (b) intervene, in any way, in the collection of interest or in the transfer of the Notes. For the purpose of the application of the imposta sostitutiva, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary, the imposta sostitutiva is applied and withheld by any Italian financial intermediary paying interest to a Noteholder or, absent that, by the issuer.

1.2 *Non-Italian resident Noteholders*

Where the Noteholder is a non-Italian resident without a permanent establishment in the Republic of Italy to which the Notes are effectively connected, an exemption from the imposta sostitutiva applies *provided that* the non-Italian resident beneficial owner is:

- (a) resident, for tax purposes, in a country which allows for a satisfactory exchange of information with the Republic of Italy (the "**White List States**") as listed (i) in the Italian Ministerial Decree dated 4 September 1996, as amended from time to time, or (ii) as from the fiscal year in which the decree pursuant to article 168-bis of Italian Presidential Decree of 22 December 1996, No 917 is effective, in the list of States allowing an adequate exchange of information with the Italian tax authorities as per the decree issued to implement Article 168-bis, paragraph 1 of Italian Presidential Decree of 22 December 1986, No. 917 (for the 5 years starting on the date of publication of the Decree in the Official Gazette, States and territories that are not included in the current black-lists set forth by Italian Ministerial Decrees of 4 May 1999, 21 November 2001 and 23 January 2002 nor in the current white list set forth by Italian Ministerial Decree of 4 September 1996 are deemed to be included in the new white-list); or
- (b) an international body or entity set up in accordance with international agreements which have entered into force in the Republic of Italy; or
- (c) a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or
- (d) an "institutional investor", whether or not subject to tax, which is established in a country which allows for a satisfactory exchange of information with the Republic of Italy.

In order to ensure gross payment, non-Italian resident Noteholders without a permanent establishment in the Republic of Italy to which the Notes are effectively connected must be the beneficial owners of the payments of Interest and must:

- (a) deposit, directly or indirectly, the Notes with a resident bank or SIM or a permanent establishment in the Republic of Italy of a non-Italian resident bank or SIM or with a non-Italian resident entity or company participating in a centralised securities management system which is in contact, via computer, with the Ministry of Economy and Finance; and
- (b) file with the relevant depository, prior to or concurrently with the deposit of the Notes, a statement of the relevant Noteholder, which remains valid until withdrawn or revoked, in which the Noteholder declares to be eligible to benefit from the applicable exemption from imposta sostitutiva. This statement, which is not requested for international bodies or entities set up in accordance with international agreements which have entered into force in the Republic of Italy nor in the case of foreign Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State, must comply with the requirements set forth by Ministerial Decree of 12 December 2001.

The imposta sostitutiva will be applicable at the rate of 20 per cent to Interest paid to Noteholders who do not qualify for the exemption.

However, Noteholders who are subject to the substitute tax might be eligible for a total or partial relief under any applicable tax treaty.

2. *Atypical securities*

Interest payments relating to Notes that are not deemed to fall within the category of bonds (obbligazioni) or debentures similar to bonds (titoli similari alle obbligazioni) may be subject to a withholding tax, levied at the rate of 20 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

In the case of Notes issued by an Italian resident issuer, where the Noteholder is:

- (a) an Italian individual engaged in an entrepreneurial activity to which the Notes are connected;
- (b) an Italian company or a similar Italian commercial entity;
- (c) a permanent establishment in the Republic of Italy of a foreign entity;

- (d) an Italian commercial partnership; or
- (e) an Italian commercial private or public institution,

such withholding tax is a provisional withholding tax. In all other cases, including when the Noteholder is a non-Italian resident, the withholding tax is a final withholding tax. For non-Italian resident Noteholders, such withholding tax rate may be reduced by any applicable tax treaty.

3. *Capital gains tax*

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Noteholder, also as part of the net value of the production for IRAP purposes) if realised by an Italian company, a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Where an Italian resident Noteholder is an individual not engaged in an entrepreneurial activity to which the Notes are connected, any capital gain realised from the sale or redemption of the Notes would be subject to an imposta sostitutiva, levied at the rate of 20 per cent. Noteholders may set off any losses with their gains.

In respect of the application of imposta sostitutiva on capital gains, taxpayers may opt for one of the three regimes described below:

- (a) Under the "tax declaration" regime (regime della dichiarazione), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are connected, the imposta sostitutiva on capital gains will be chargeable, on a cumulative basis, on all capital gains (net of any incurred capital loss) realised by the Italian resident individual Noteholder holding the Notes. In this instance, "capital gains" means any capital gain not connected with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian resident individuals holding the Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay the imposta sostitutiva on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.
- (b) As an alternative to the tax declaration regime, Italian resident individual Noteholders holding the Notes not in connection with an entrepreneurial activity may elect to pay the imposta sostitutiva separately on capital gains realised on each sale or redemption

of the Notes (the "risparmio amministrato" regime). Such separate taxation of capital gains is allowed subject to:

- (i) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and
- (ii) an express election for the risparmio amministrato regime being timely made in writing by the relevant Noteholder.

The depository must account for the imposta sostitutiva in respect of capital gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss. The depository must also pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the risparmio amministrato regime, where a sale or redemption of the Notes results in a capital loss, which may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the risparmio amministrato regime, the Noteholder is not required to declare the capital gains in the annual tax return.

- (c) Under the "asset management" regime (the "risparmio gestito" regime), any capital gains realised by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity who have entrusted the management of their financial assets (including the Notes) to an authorised intermediary, will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 20 per cent. substitute tax, to be paid by the managing authorised intermediary. Any depreciation of the managed assets accrued at the year-end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. The Noteholder is not required to declare the capital gains realised in the annual tax return.

Under the tax regime applicable until 30 June 2011, any capital gains realised by a Noteholder who is an Italian resident investment fund must be included in the appreciation of the managed asset to be subject to 12.5 per cent. substitute tax. A new legislation affecting the taxation of the Italian resident investment funds has been enacted by Law Decree No. 225 of 29 December 2010 as converted, with amendments, into Law No. 10 of 26 February 2011 coming into force as of July, 1st 2011. The new regime is based on incomes being taxed at the time they are realized by the investors of the funds and no longer on the year-end management result.

Any capital gains realised by a Noteholder who is an Italian pension fund (subject to the regime provided for by article 17 of the Italian Legislative Decree No. 252 of 5

December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to an 11 per cent. substitute tax.

Capital gains realised by non-Italian resident Noteholders without a permanent establishment in the Republic of Italy to which the Notes are effectively connected from the sale or redemption of Notes issued by an Italian resident issuer and traded on regulated markets are not subject to the imposta sostitutiva. The exemption applies *provided that* the non-Italian resident Noteholders file in due course with the authorised financial intermediary an appropriate affidavit (autocertificazione) stating that the Noteholder is not resident in the Republic of Italy for tax purposes.

Capital gains realised by non-Italian resident Noteholders without a permanent establishment in the Republic of Italy to which the Notes are effectively connected from the sale or redemption of Notes issued by an Italian resident issuer not traded on regulated markets are not subject to the imposta sostitutiva, *provided that* the effective beneficiary is:

- (a) resident in a country which allows for a satisfactory exchange of information with the Republic of Italy;
- (b) an international entity or body set up in accordance with international agreements which have entered into force in the Republic of Italy;
- (c) a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or
- (d) an "institutional investor", whether or not subject to tax, which is established in a country which allows for a satisfactory exchange of information with the Republic of Italy.

If none of the conditions above is met, capital gains realised by non-Italian resident Noteholders without a permanent establishment in the Republic of Italy to which the Notes are effectively connected from the sale or redemption of Notes issued by an Italian resident issuer and not traded on regulated markets may be subject to the imposta sostitutiva at the current rate of 20 per cent. However, Noteholders may benefit from an applicable tax treaty with the Republic of Italy providing that capital gains realised upon the sale or redemption of the Notes are to be taxed only in the resident tax country of the recipient.

4. *Inheritance and gift taxes*

Transfers of any valuable asset (including shares, Notes or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or gift exceeding €1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or gift exceeding €100,000; and
- (c) any other transfer is subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or gift.

5. *Transfer tax*

Contracts relating to the transfer of securities are subject to a Euro 168 registration tax as follows: (i) public deeds and notarised deeds are subject to mandatory registration; (ii) private deeds are subject to registration only in the case of voluntary registration.

6. *EU Savings Tax Directive*

Under EC Council Directive 2003/48/EC (the "**EU Savings Tax Directive**") on the taxation of savings income, each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a paying agent (within the meaning of the EU Savings Tax Directive) within its jurisdiction to, or collected by such a paying agent (within the meaning of the EU Savings Tax Directive) for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent., unless in the case of Luxembourg the beneficial owner of the interest payments opts for one of the two optional information exchange procedures available. The transitional period is to terminate at the end of the first fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries (including Switzerland) and certain dependent or associated territories of certain Member States (including Switzerland), have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent (within the meaning of the EU Savings Tax Directive) within its jurisdiction to or collected by such a paying agent (within the meaning of the EU Savings Tax Directive)

for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

7. *Implementation in the Republic of Italy of the Savings Directive*

Italy has implemented the EU Savings Tax Directive through Legislative Decree No. 84 of 18 April 2005 ("Decree No. 84"). Decree No. 84 applies to payments of interest made by paying agents established in Italy to beneficial owners who are individuals resident in a different EU Member State or in a dependent or associated territory under the relevant international agreement (currently Jersey, Guernsey, Isle of Man, Netherlands Antilles, British Virgin Islands, Turks and Caicos, Cayman Islands, Montserrat, Anguilla, Aruba). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid starting from 1 July 2005 (including the case of interest accrued on the Notes at the time of their disposal) to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, (or the territories referred to above), Italian paying agents i.e. banks, SIMs, fiduciary companies, SGRs resident for tax purposes in Italy, permanent establishments in Italy of non-resident persons and any other economic operator resident for tax purposes in Italy paying interest for professional or commercial reasons shall report to the Italian tax authorities details of the relevant payments and personal information on the individual beneficial owner, namely: identity and residence of the beneficial owner; name and address of the paying agent; account number of the beneficial owner or, otherwise, information of the debt claim giving rise to the interest payment and amount of interest paid.

Such information is transmitted by the Italian tax authorities to the competent foreign tax authorities of the State of residence of the beneficial owner. In certain circumstances, the same reporting requirements must be complied with also in respect of interest paid to certain entities established in another Member State, other than legal persons (with the exception of certain Finnish and Swedish entities), whose profits are taxed under general arrangements for business taxation and, in certain circumstance, UCITS recognised in accordance with Directive 2009/65/EC.

Luxembourg taxation

The information contained within this section is limited to withholding tax issues and prospective investors should not apply any information set out below to other areas under Luxembourg, including (but not limited to) the legality of transactions involving the Notes.

All payments of interest and principal by the Issuer in the context of the holding, disposal, redemption or repurchase of the Notes can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with applicable Luxembourg laws, subject however to:

- (a) the application of the Luxembourg laws of 21 June 2005 implementing the EU Savings Tax Directive (Council Directive 2003/48/EC) and several agreements concluded with certain dependent or associated territories and providing for the possible application of a withholding tax (15 per cent. from 1 July 2005 to 30 June 2008, 20 per cent. from 1 July 2008 to 30 June 2011 and 35 per cent. from 1 July 2011) on interest paid to certain non-Luxembourg resident investors (individuals and certain types of entities called "**residual entities**") in the event of the Issuer appointing a paying agent in Luxembourg within the meaning of the above-mentioned directive and agreements; and
- (b) the application as regards Luxembourg resident individuals of the Luxembourg law of 23 December 2005 which has introduced a 10 per cent. withholding tax on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg laws of 21 June 2005 implementing the EU Savings Tax Directive). This law should apply to savings income accrued as from 1 July 2005 and paid as from 1 January 2006.

Pursuant to the law of 23 December 2005 as amended by the law of 17 July 2008, Luxembourg resident individuals can opt to self declare and pay a ten per cent. tax on interest payments made by paying agents located in a Member State of the European Union other than Luxembourg, a Member State of the European Economic Area or in a State or territory which has concluded an agreement directly relating to the EU Savings Tax Directive.

The ten per cent. withholding tax described above or the ten per cent. tax are final when Luxembourg resident individuals are acting in the context of the management of their private wealth.

Responsibility for the withholding of tax in application of the above-mentioned Luxembourg laws as of 21 June 2005 and 23 December 2005 is assumed by the Luxembourg paying agent within the meaning of these laws and not by the relevant Issuer.

Implementation in Luxembourg of the EU Savings Tax Directive

The EU Savings Tax Directive was implemented in Luxembourg by the laws of 21 June 2005.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of the Dealers. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in a Dealer Agreement dated on or about the date hereof (the "**Dealer Agreement**") and made between the Issuer and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America: *Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms.*

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Fiscal Agent or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Fiscal Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Public offer selling restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus, as the case may be) to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) *Approved Prospectus*: if the Final Terms or Drawdown Prospectus in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, *provided that* any such prospectus which is not a Drawdown Prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) *Fewer than 100 offerees*: at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) *Other exempt offers*: at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any

means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EU and includes any relevant implementing measure in each Relevant Member State.

 - (ii) it has not offered or sold and will not offer or sell any Notes other than to persons:

 - (B) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses, where the issue of the Notes would otherwise constitute a contravention by the Issuer of Section 19 of the Financial Services and Markets Act 2000 (the "**FSMA**");
- (b) **Financial promotion:** it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (c) **General compliance:** it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

The Republic of Italy

The offering of the Notes has not been registered pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed that it has not offered or sold, and will not offer or sell, any Notes in the Republic of Italy in an offer to the public, and that sales of the Notes in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulations.

Any offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy must be:

- (b) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or the Bank of Italy.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948) and, accordingly, each Dealer has undertaken that it will not offer or sell any Notes directly or indirectly, in Japan or to, or for the benefit of, any Japanese Person or to others for re-offering or resale, directly or indirectly, in Japan or to any Japanese Person except under circumstances which will result in compliance with all applicable laws, regulations and guidelines promulgated by the relevant Japanese governmental and regulatory authorities and in effect at the relevant time. For the purposes of this paragraph, "**Japanese Person**" shall mean any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

General

Each Dealer has represented, warranted and agreed that it has complied and will comply with all applicable laws and regulations in each country or jurisdiction in or from which it purchases, offers, sells or delivers Notes or possesses, distributes or publishes this Base Prospectus or any Final Terms or any related offering material, in all cases at its own expense. Other persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or possess, distribute or publish this Base Prospectus or any Final Terms or any related offering material, in all cases at their own expense.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall as a result of any change(s), or any change(s) in official interpretation, after the date hereof of applicable laws and regulations no longer be applicable, but without prejudice to the obligations of the Dealers described in the preceding paragraph headed "**General**" above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification may be set out in the relevant Final Terms (in the case of a supplement or modification relevant only to a particular Tranche of Notes) or in a supplement to this Base Prospectus.
