

ICCREA Banca S.p.A.

(incorporated with limited liability as a società per azioni under the laws of the Republic of Italy)

€3,000,000,000

Euro Medium Term Note Programme

Application has been made to the *Commission de Surveillance du Secteur Financier* (the "CSSF") in its capacity as competent authority in Luxembourg to approve this document as a base prospectus under the *loi relative aux prospectus pour valeurs mobilières* dated 10 July 2005 which implements Directive 2003/71/EC, and amendments thereto (including Directive 2010/73/EU, to the extent implemented in a Member State of the European Economic Area) (the "**Prospectus Directive**") in Luxembourg. Application has been made by ICCREA Banca S.p.A. (the "**Issuer**") for notes ("**Notes**") issued under the €3,000,000,000 Euro Medium Term Note Programme (the "**Programme**") described in this Base Prospectus during the period of twelve months after the date hereof to be listed on the official list and admitted to trading on the regulated market of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC. The Programme also allows for Notes to be unlisted or to be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer.

As more fully set out in "Taxation", payments of interest, premium and other income on Notes qualifying as bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) are subject in principle to a substitutive tax (referred to as the *imposta sostitutiva*), in certain circumstances. Imposta sostitutiva is levied at the rate of 26 per cent. In order to obtain exemption from the *imposta sostitutiva* in respect of payments of interest, premium or other income relating to the Notes, each Noteholder not resident in the Republic of Italy is generally required to certify, *inter alia*, that such Noteholder is eligible for the exemption, as more fully set out in "Taxation".

Pursuant to the Programme, the Issuer may from time to time issue Notes in bearer form denominated in any currency agreed between the Issuer and one or more of the dealers named on page 16 and any additional dealer appointed under the Programme from time to time (each a "**Dealer**" and together the "**Dealers**"). Notes admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive will not have a denomination of less than €100,000 (or its equivalent in other currencies calculated as described herein). The aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €3,000,000,000 (or its equivalent in other currencies calculated as described herein). The CSSF gives no undertaking as to the economic or financial opportuneness of the transaction or the quality and solvency of the Issuer in line with the provisions of article 7 (7) of the Luxembourg Prospectus Law.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed under "Risk Factors" below.

IMPORTANT NOTICES

This document constitutes a base prospectus for the purposes of Article 5.4 of the Prospectus Directive.

The Issuer accepts responsibility for the information contained in this document and, to the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information. The Issuer has confirmed to the Dealers that this Base Prospectus (including for this purpose, each relevant Final Terms) contains all information which the Issuer believes to be (in the context of the Programme and the issue, offering and sale of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions, expectations or intentions expressed herein are honestly held or made and are not misleading in any material respect; that there are no other facts in relation to the information contained or incorporated by reference in this Base Prospectus the omission of which would, in the context of the Programme and the issue, offering and sale of the Notes, make any statement therein, or opinions or intentions expressed therein misleading in any material respect; and that all reasonable enquiries have been made to verify the foregoing.

This Base Prospectus should be read and construed together with any supplements hereto and with any other documents incorporated by reference herein and, in relation to any Tranche (as defined herein) of Notes, should be read and construed together with the relevant Final Terms (as defined herein).

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and neither the Dealers nor any of their respective affiliates makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition (financial or otherwise), business, prospects or general affairs of the Issuer or any of its subsidiaries since the date thereof or, if later, the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is

correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

This Base Prospectus may only be used for the purposes for which it has been published. The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "**Subscription and Sale**".

In particular, Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and none of them should be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise), business, prospects or general affairs of the Issuer and its subsidiaries.

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed €3,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into euro at the date of the agreement to issue such Notes, calculated in accordance with the provisions of the Dealer Agreement (as defined under "**Subscription and Sale**")). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "**Subscription and Sale**".

Notes issued pursuant to the Programme may be rated or unrated. Where a Tranche of Notes is rated, its rating will not necessarily be the same as any rating applicable to the Programme. Details of the rating, if any, attributable to a Tranche of Notes will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EU) No. 1060/2009 as amended (the "**CRA Regulation**") will be disclosed in the relevant Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and Registered under the CRA Regulation (or is endorsed and

published or distributed by subscription by such a credit rating agency in accordance with the Regulation) unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

In this Base Prospectus, unless otherwise specified or where the context requires otherwise: references to a "**Member State**" are references to a Member State of the European Economic Area (the "**EEA**"); references to a "**Condition**" are to the correspondingly numbered provision set forth in "**Terms and Conditions of the Notes**"; references to "€", "**EUR**" or "**euro**" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended; references to "**U.S.\$**", "**U.S. dollars**" or "**dollars**" are to the lawful currency for the time being of the United States; references to "£" and "**Sterling**" are to the lawful currency for the time being of the United Kingdom; and references to "**billions**" are to thousands of millions.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

In connection with the issue of any Tranche of Notes under the Programme, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. These factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Factors which the Issuer believes are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Words and expressions defined in "Forms of the Notes" and "Terms and Conditions of the Notes" or elsewhere in this Base Prospectus have the same meaning in this section. Prospective investors should read the entire Base Prospectus.

Factors that may affect the Issuer's ability to fulfil its obligations under the Notes

General

An actual or perceived deterioration in the financial condition of the Issuer or its results of operations could have a negative impact on the ability of the Issuer to comply with its obligations under the Notes, and consequently could have an adverse effect which may harm the price or value of an investment in the Notes.

The Issuer's financial performance is affected by the general economic conditions, in particular in the Republic of Italy and Europe

Adverse changes or a general deterioration in the Italian, European or global economic conditions, or arising from systemic risks in the financial systems, could affect the recoverability and value of the Issuer's assets and require an increase in the Issuer's provision for bad and doubtful loans and other provisions.

The Issuer is not a retail bank and its core institutional role is to provide key financial and credit services to Banche di Credito Cooperativo (BCCs) network.

The BCCs' asset quality is exposed to domestic economic weakness through the composition of their loan portfolio, mainly to small enterprises and artisans. Sustained loan growth in the past few years, coupled with high loan portfolio concentration in the real estate sector for some BCCs, makes their credit risk vulnerable to the domestic economic environment.

The Issuer is subject to capital requirements that could limit its operations

The Issuer is subject to capital adequacy guidelines adopted by the Bank of Italy for a bank or a bank holding company, which provide for a minimum ratio of total capital to risk adjusted assets both on a consolidated basis and on a non-consolidated basis expressed as a percentage. At least half of the total capital must be maintained in the form of Tier I capital. The Issuer's failure to maintain its ratios may result in administrative actions or sanctions against it which may impact the Issuer's ability to fulfil its obligations under the Notes.

Market risk

The market risk involved in the Issuer's business activities lies in the risk of possible losses arising from changes in the market due to fluctuating or changing interest rates, foreign exchange rates, share prices and prices in general. This risk encompasses both trading book and banking book positions. Positions of risk are the result either of business positions taken for or in respect of customers, or of a deliberate assumption of such positions.

Global market conditions

Since the second half of 2007, disruption in the global credit markets has created increasingly difficult conditions in the financial markets. These conditions have resulted in decreased liquidity and greater volatility in global financial markets, and continue to affect the functioning of financial markets and to impact the global economy.

Several governments, international and supranational organisations and monetary authorities have recently put in place a number of actions to increase liquidity in financial markets, in order to boost global GDP growth and mitigate the possibility of default by certain European countries on their sovereign debt obligations. It remains difficult to predict the effect of these measures on the economy and on the financial system. As a result, the Issuer's ability to access the capital and financial markets and to refinance debt to meet the financial requirements of the Issuer may be adversely impacted and costs of financing may significantly increase. This could materially and adversely affect the business, results of operations and financial condition of the Issuer, with a consequent adverse effect on the market value of the Notes and the Issuer's ability to meet its obligations under the Notes.

Risks arising from the sovereign debt crisis

The Issuer is affected by disruptions and volatility in the global financial markets including, in recent years, the sovereign debt crisis in the Eurozone. Credit quality has generally declined, as reflected by downgrades suffered by several countries in the Euro-zone, including Italy, since the beginning of the sovereign debt crisis in May 2010. The large sovereign debts and fiscal deficits in European countries have raised concerns regarding the financial condition of Euro-zone financial institutions and their exposure to such countries. These concerns may have an impact on Euro-zone banks' funding.

In particular, the Issuer's credit ratings are potentially exposed to the risk of reductions in the

sovereign credit rating of Italy. On the basis of the methodologies used by rating agencies, further downgrades of Italy's credit rating may have a potential knock-on effect on the credit rating of Italian issuers such as the Issuer and make it more likely that the credit rating of Notes issued under the Programme are downgraded.

Default risk

Deterioration in the financial condition of the Issuer may have a material adverse effect on the Issuer resulting in the non-performance, in whole or in part, of the Issuer's obligations under the Notes.

The current crisis in the international finance markets and its unforeseeable global effects may have a material adverse effect on the Issuer resulting in the non-performance, in whole or in part, of the Issuer's obligations under the Notes.

Historical Information

The historical, financial and other information set out in the section headed "*Iccrea Banca S.p.A.*" represents the historical experience of the Issuer. There can be no assurance that the future experience and performance of the Issuer will be similar to the past experience described in this Base Prospectus.

Changes in regulatory framework and accounting policies

The Issuer is subject to extensive regulation and supervision by the Bank of Italy, CONSOB, the European Central Bank and the European System of Central Banks. The banking laws to which the Issuer is subject govern the activities in which banks and banking foundations (*fondazioni bancarie*) may engage and are designed to maintain the safety and soundness of banks, and limit their exposure to risk. In addition, the Issuer must comply with financial services laws that govern its marketing and selling practices. The regulatory framework governing international financial markets is currently being amended in response to the credit crisis, and new legislation and regulations are being introduced in Italy and the European Union that will affect the Issuer including proposed regulatory initiatives that could significantly alter the Issuer's capital requirements, as described below.

In the wake of the global financial crisis that began in 2008, the Basel Committee on Banking Supervision (the "**Basel Committee**") approved, in the fourth quarter of 2010, revised global regulatory standards (the "**Basel III**") on bank capital adequacy and liquidity, higher and better-quality capital, better risk coverage, measures to promote the build-up of capital that can be drawn down in periods of stress and the introduction of a leverage ratio as a backstop to the risk-based requirement as well as two global liquidity standards. The Basel III framework adopts a gradual approach, with the requirements to be implemented over time, with full enforcement in 2019. Minimum common equity tier 1 (the "**CET1**") will be increased from broadly 2% of risk-weighted assets to 7.0%. The 7.0% includes a "capital conservation buffer" of 2.5% to ensure that banks maintain a buffer of capital that can be used to absorb losses during periods of financial and economic stress. An additional

"countercyclical buffer requirement" of 0-2.5% will be implemented according to national circumstances. The countercyclical buffer requirement will apply in periods of excess lending growth in the economy and can vary for each jurisdiction.

In January 2013 the Basel Committee revised its original proposal in respect of the liquidity requirements in light of concerns raised by the banking industry, providing for a gradual phasing-in of the Liquidity Coverage Ratio (i.e. annual increases of 10%, starting with 60% in 2015 and ending with 100% in 2019), and the Basel Committee expanded the definition of high quality liquid assets to include lower quality corporate securities, equities and residential mortgage backed securities.

The Basel III framework has been implemented in the EU through new banking regulations adopted on 26 June 2013: Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the "**CRD IV Directive**") and Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the "**CRR**"). Full implementation began on 1 January 2014, with particular elements being phased in over a period of time (the requirements will largely be fully effective by 2019 and some minor transitional provisions provide for the phase-in until 2024) but it is possible that in practice implementation under national laws may be delayed until after such date.

The Bank of Italy published new supervisory regulations on banks in December 2013 (Circular No. 285, dated 17 December 2013, the "**Prudential Regulations for Banks**"), which came into force on 1 January 2014, implementing CRD IV and setting out additional local prudential rules concerning matters not harmonised at an EU level. As of 1 January 2014, Italian banks are required to comply with a minimum CET1 capital ratio of 4.5%, Tier I Capital ratio of 6% and Total Capital Ratio of 8%. These minimum ratios are complemented by the following capital buffers, to be met with CET1 capital:

- *Capital conservation buffer*: is set at 2.5% of risk weighted assets and applies from 1 January 2014 (pursuant to Part I, Title II, Chapter I, Section II of Prudential Regulations for Banks);
- *Counter-cyclical capital buffer*: is set by the relevant competent authority between 0% - 2.5% (but may be set higher than 2.5% where the competent authority considers that the conditions in the member state justify this), with gradual introduction from 1 January 2016, and applying temporarily in the periods when the relevant national authorities judge the credit growth excessive (pursuant to Article 130 of the CRD IV Directive);

In addition to the above listed capital buffers, under Article 133 of the CRD IV Directive the relevant competent authority has the option to introduce a systemic risk buffer which must be at least 1% of CET1 capital.

Failure to comply with such combined buffer requirements triggers restrictions on distributions and the need for the bank to adopt a capital conservation plan on necessary remedial actions (Articles 140 and 141 of the CRD IV Directive).

As part of the CRD IV transitional arrangements, regulatory capital recognition of outstanding instruments which qualified as CET1, Additional Tier 1 and Tier II capital instruments under the framework which CRD IV has replaced (CRD III) that no longer meet the minimum criteria under CRD IV will be gradually phased out. Fixing the base at the nominal amount of such instruments outstanding on 1 January 2013, their recognition is capped at 80% in 2014, with this cap decreasing by 10% in each subsequent year.

The new liquidity requirements introduced under CRD IV will also be phased in: the Liquidity coverage ratio, as discussed above, applies as from 1 January 2015 and will gradually be phased in and the European Commission intends to develop the net stable funding ratio with the aim of introducing it from 1 January 2018.

CRD IV may also introduce a new leverage ratio with the aim of restricting the level of leverage that an institution can take on to ensure that an institution's assets are in line with its capital. Institutions are required to disclose their leverage ratio from 1 January 2015. Full implementation and European harmonisation, however, is not expected until 1 January 2018 following the European Commission's review in 2016 of whether or not the ratio should be introduced. There is therefore uncertainty as to regulatory requirements with which the Issuer will be required to comply.

Conflicts of Interest

Where the Issuer acts as Calculation Agent, potential conflicts of interest may exist between the Calculation Agent and Noteholders. Such potential conflicts may arise with respect to certain determinations and judgments that the Calculation Agent may make pursuant to the Notes, which may influence the amount receivable on redemption of the Notes.

Risks relating to the Notes

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in the light of other investments available at that time.

Redemption for tax reasons

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Republic of Italy or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions. In such circumstances an

investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

Redemption for regulatory reasons

If the relevant Final Terms specified that Condition 9(c) (*Redemption for regulatory reasons*) is applicable, the Issuer may also, at its option, redeem Subordinated Notes following a Regulatory Event in accordance with Condition 9(c) (*Redemption for regulatory reasons*). To the extent required by the Applicable Banking Regulations, any redemption of the Subordinated Notes shall be subject to the prior approval of the Bank of Italy, as further set out in Condition 9(f) (*Redemption of Subordinated Notes*).

CMS Linked Interest Notes

The Issuer may issue Notes with interest determined by reference to the CMS Rate (a "**relevant factor**"). Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) the relevant factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (iv) if the relevant factor is applied to the Notes in conjunction with a multiplier greater than one or contains any other leverage factor, the effect of changes in the relevant factor on interest payable is likely to be magnified; and
- (v) the timing of changes in the relevant factor may affect the actual yield to investors, even if the average level is consistent with their expectations.

Fixed Rate Notes

Investment in Fixed Rate Notes involves the risks that substantial changes in market interest rates adversely affect the value of the Fixed Rate Notes.

Floating Rate Notes

Where the reference rate used to calculate the applicable interest rate turns negative, the interest rate will be below the margin, if any, or may be zero. Accordingly, where the rate of interest is equal to zero, the holders of such Floating Rate Notes may not be entitled to interest payments for certain or all interest periods.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or

other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Subordinated Notes

If the Issuer is declared insolvent and a winding up is initiated, it will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors) in full before it can make any payments on the Subordinated Notes. If this occurs, the Issuer may not have enough assets remaining after these payments to pay amounts due under the Subordinated Notes.

The Issuer's obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority to the claims of unsubordinated, unsecured creditors (including depositors) of the Issuer. Although Subordinated Notes may pay a higher rate of interest than comparable notes which are not subordinated, there is a real risk that an investor in

Subordinated Notes will lose all or some of its investment should the Issuer become insolvent.

For a full description of the provisions relating to Subordinated Notes, see Condition 5 (*Status and Special Provisions of Subordinated Notes*).

Regulatory classification of the Notes

If any Subordinated Notes are issued under the Programme, the Issuer's intention is that they should qualify on issue as "Tier II Capital", for so long as this is permitted under Bank of Italy regulations. Current regulatory practice by the Bank of Italy does not require (or customarily provide for) a confirmation prior to the issuance of Subordinated Notes that the Notes will be treated as such. There can be no representation that any such Subordinated Notes will continue to qualify as "Tier II Capital" during the life of the Notes or that the Notes will be grandfathered under the implementation of further EU capital requirement regulations. If the Notes are not grandfathered, or for any other reason cease to qualify, as "Tier II capital", the Issuer will (if so specified in the applicable Final Terms) have the right to redeem the Notes in accordance with Condition 9(c) (*Redemption for regulatory reasons*), subject to the prior approval of the Bank of Italy. There can be no assurance that holders of such Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in the relevant Notes, as the case may be.

Non-Viability Requirement for Subordinated Notes

On 15 May 2014, the Council of the European Union approved the Directive No. 2014/59/EC establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council (the "**Recovery and Resolution Directive**"). The Recovery and Resolution Directive provides competent authorities with common tools and powers to address banking crises pre emptively in order to safeguard financial stability and minimise taxpayers' exposure to losses.

Except for the bail in tool with respect to eligible liabilities, which is expected to apply as from 1 January 2016, the Recovery and Resolution Directive applies as from 1 January 2015. The Italian Parliament just passed the final text of the law (*Legge di delegazione europea 2014*) mandating the Italian Government to implement, amongst others, the Recovery and Resolution Directive in Italy. This law, which will enter into force after 15 days following its publication in the Official Gazette, only stipulates the general principles and criteria whereby the Recovery and Resolution Directive has to be implemented in the Italian legal framework. The Italian Government will then have to pass the legislative decree implementing the Recovery and Resolution Directive within 3 months of the entry into force of such law. A draft legislative decree is expected to be published in the coming weeks by the Italian Government.

The powers provided to "resolution authorities" in the Recovery and Resolution Directive include write down/conversion powers to ensure that capital instruments (including Subordinated Notes) and eligible liabilities (including senior debt instruments) fully absorb losses at the point of non viability of the issuing institution (referred to as the bail in tool). Accordingly, the Recovery and Resolution Directive contemplates that resolution authorities may require the write down of such capital instruments and eligible liabilities in full on a permanent basis, or convert them in full into common equity tier 1 instruments. The Recovery and Resolution Directive provides, inter alia, that resolution authorities shall exercise the write down power in a way that results in (i) common equity tier 1 instruments being written down first in proportion to the relevant losses, (ii) thereafter, the principal amount of other capital instruments (including Subordinated Notes) being written down or converted into common equity tier 1 instruments on a permanent basis and (iii) thereafter, eligible liabilities being written down or converted in accordance with a set order of priority.

The point of non viability under the Recovery and Resolution Directive is the point at which the national authority determines that:

- (a) the institution is failing or is likely to fail, which includes situations where:
 - (i) the institution has incurred/will incur in the near future losses depleting all or substantially all its own funds;
 - (ii) the assets are/will be in the near future less than its liabilities;
 - (iii) the institution is/will be in the near future unable to pay its debts or other liabilities when they fall due; and/or
 - (iv) the institution requires public financial support;
- (b) there is no reasonable prospect that a private action would prevent the failure; and
- (c) a resolution action is necessary in the public interest.

The Recovery and Resolution Directive represents the implementation in the European Economic Area of the non viability requirements set out in the press release dated 13 January 2011 issued by the Basel Committee on Banking Supervision entitled "Minimum requirements to ensure loss absorbency at the point of non viability", which forms a part of the broader Basel III requirements, implemented in the European Union through CRD IV.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC (the "**EU Savings Tax Directive**") on the taxation of savings income in the form of interest payments, each Member State is required to provide

to the tax authorities of another Member State details of payments of interest or similar income paid by a person (within the meaning of the EU Savings Tax Directive) within its jurisdiction to, or collected by such a person (within the meaning of the EU Savings Tax Directive) for, an individual resident or certain limited types of entity called "residual entities", within the meaning of Article 4.2 of the EU Savings Tax Directive (the "**Residual Entities**") established in that other Member State. However, for a transitional period, Austria may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non EU countries to the exchange of information relating to such payments.

A number of non EU countries (including Switzerland) and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent (within the meaning of the EU Savings Tax Directive) within its jurisdiction to, or collected by such a paying agent (within the meaning of the EU Savings Tax Directive) for, an individual resident or Residual Entities established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or Residual Entities established in one of those territories.

The Council of the European Union formally adopted a Council Directive amending the EU Savings Tax Directive on 24 March 2014 (the "**Amending Directive**"). The Amending Directive broadens the scope of the requirements described above. Member States have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Directive. The changes made under the Amending Directive include extending the scope of the EU Savings Tax Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest.

However, the European Commission has proposed the repeal of the EU Savings Tax Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the EU Savings Tax Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive.

Investors who are in any doubt as to their position should consult their professional advisers.

Taxation

The tax regime in the Republic of Italy and in any other relevant jurisdiction (including, without limitation, the jurisdiction in which each Noteholder is resident for tax purposes) may be relevant to the acquiring, holding and disposing of Notes and the receiving of payments of interest, principal and/or other income under the Notes. Prospective investors in the Notes should consult their own tax advisers as to which countries' tax laws could be relevant and the consequences of such actions under the tax laws of those countries.

U.S. Foreign Account Tax Compliance Act Withholding ("FATCA")

Whilst the Notes are in global form and held within Euroclear Bank S.A./N.V. and Clearstream Banking, société anonyme (together, the "ICSDs"), in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the ICSDs. Further, foreign financial institutions in a jurisdiction which has entered into an intergovernmental agreement with the United States (an "IGA") are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose their custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding (see "*Taxation – Foreign Account Tax Compliance Act*"). The Issuer's obligations under the Notes are discharged once it has made payment to, or to the order of, the common depositary or common safekeeper for the ICSDs (as bearer of the Notes) and the Issuer has therefore no responsibility for any amount thereafter transmitted through the ICSDs and custodians or intermediaries. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how it may affect them. On 10 January 2014, representatives of the governments of Italy and the United States signed an intergovernmental agreement to implementing FATCA in Italy, ratified and enforced by Law No. 95 of 18 June 2015.

Change of law

The conditions of the Notes are based on English law in effect as at the date of this Base Prospectus, other than subordination and certain other provisions relating to Subordinated Notes, which are based on Italian law. No assurance can be given as to the impact of any possible judicial decision or change to English law (or Italian law) or administrative practice after the date of this Base Prospectus.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the Issuer

Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg. While the Notes are represented by one or more Global Notes, the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or common safekeeper for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes. Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Delisting of the Notes

Application has been made for Notes issued under the Programme to be listed on the Official List and admitted to trading on the regulated market of the Luxembourg Stock Exchange and Notes issued under the Programme may also be admitted to trading, listing and/or quotation by any other listing authority, stock exchange or quotation system (each, a "**listing**"), as specified in the relevant Final Terms. Such Notes may subsequently be delisted despite the best efforts of the Issuer to maintain such listing and, although no assurance is made as to the liquidity of the Notes as a result of listing, any delisting of the Notes may have a material effect on a Noteholder's ability to resell the Notes on the secondary market.

Denominations and restrictions on exchange for Definitive Notes

Notes may in certain circumstances be issued in denominations including (i) a minimum denomination of €100,000 (or its equivalent in another currency) and (ii) an amount which is greater than €100,000 (or its equivalent) but which is an integral multiple of a smaller amount (such as €1,000). Where this occurs, Notes may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case, a holder who as a result of trading such amounts, holds a principal amount of less than the minimum denomination of €100,000 will not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to an integral multiple of €100,000.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings

One or more independent credit rating agencies may assign credit ratings to the Notes. Where an issue of Notes is rated, investors should be aware that:

- (i) such rating will reflect only the views of the rating agency and may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and other factors that may affect the value of the Notes;

- (ii) a rating is not a recommendation to buy, sell or hold securities and may be subject to review, revision, suspension, reduction or withdrawal at any time by the assigning rating agency;
- (iii) notwithstanding the above, an adverse change in a credit rating could adversely affect the trading price for the Notes; and
- (iv) tranches of Notes issued under the Programme may be rated or unrated and, where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme.

Furthermore, in general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (1) the rating is provided by a credit rating agency operating in the EEA before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration has not been refused, or (2) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (3) the rating is provided by a credit rating agency not established in the EEA which is certified under the CRA Regulation.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Each Temporary Global Note will be exchangeable for a Permanent Global Note or, if so specified in the relevant Final Terms, for Definitive Notes. If the TEFRA D Rules are specified in the relevant Final Terms as applicable, certification as to non-U.S. beneficial ownership will be a condition precedent to any exchange of an interest in a Temporary Global Note or receipt of any payment of interest in respect of a Temporary Global Note. Each Permanent Global Note will be exchangeable for Definitive Notes in accordance with its terms. Definitive Notes will, if interest-bearing, have Coupons attached and, if appropriate, a Talon for further Coupons and a Receipt for Instalment Notes.

Currencies:

Notes may be denominated in euro, U.S. dollars or Sterling or in any other currency or currencies, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

Status of the Notes:

Notes may be issued on a subordinated or unsubordinated basis, as specified in the relevant Final Terms.

(i) Status of the Senior Notes:

Senior Notes constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer which will rank at all times *pari passu* among themselves and at least *pari passu* with all other present and future unsubordinated and unsecured obligations of the

Issuer, save for any such obligations as may be preferred by mandatory provisions of law. See Condition 4 (*Status of Senior Notes*).

(ii) Status of the Subordinated Notes:

Subordinated Notes all constitute direct, unsecured and subordinated obligations of the Issuer and will rank *pari passu* and without any preference among themselves, all as described in Condition 5 (*Status and Special Provisions of Subordinated Notes*) and the relevant Final Terms.

In the event of a winding up, dissolution, liquidation or insolvency (including, *inter alia*, *Liquidazione Coatta Amministrativa*) of the Issuer, the payment obligations of the Issuer in respect of principal and interest under Subordinated Notes and any related Receipts and Coupons will rank in right of payment (A) after unsubordinated unsecured creditors (including depositors and any holder of Senior Notes) of the Issuer (B) but at least *pari passu* with all other subordinated obligations of the Issuer which do not rank or are not expressed by their terms to rank junior or senior to such Series of Subordinated Notes and (C) in priority to the claims of shareholders of the Issuer, all as described in Condition 5 (*Status and Special Provisions of Subordinated Notes*).

Issue Price:

Notes may be issued at any price, as specified in the relevant Final Terms. The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions.

Maturity Period:

Any Maturity Period or, in the case of Subordinated Notes, with no fixed maturity date, subject, in relation to specific currencies, to compliance with all applicable legal and/or regulatory and/or central bank requirements.

In the case of Subordinated Notes, unless otherwise permitted by current laws, regulations, directives and/or the Bank of Italy's requirements applicable to the issue of Subordinated Notes by the Issuer, Subordinated Notes must have a minimum maturity of five years (or, if issued for an indefinite duration, redemption of such

Notes may only occur five years after their date of issue).

Where Notes have a Maturity Period of less than one year and either (a) the issue proceeds are received by the Issuer in the United Kingdom or (b) the activity of issuing the Notes is carried on from an establishment maintained by the Issuer in the United Kingdom, such Notes must: (i) have a minimum redemption value of £100,000 (or its equivalent in other currencies) and be issued only to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses; or (ii) be issued in other circumstances which do not constitute a contravention of section 19 of the FSMA by the Issuer.

Interest, premium and other income arising from Notes issued after 1 January 2012 are subject to Decree 239 provisions (see section "*Taxation*"). The Issuer will not be liable to pay any additional amounts to Noteholders in relation to any such withholding.

Redemption:

Subject to any purchase and cancellation, early redemption or repayment or redemption of Instalment Notes, Notes will be redeemed at par as specified in the relevant Final Terms.

To the extent required by the Applicable Banking Regulations, the redemption at maturity of Subordinated Notes shall be subject to the prior approval of the Bank of Italy. If such approval is not given on or prior to the relevant redemption date, the Issuer will re-apply to the Bank of Italy for its consent to such redemption forthwith. The Issuer will use its best endeavours to maintain the required regulatory capital and to obtain such approval.

The applicable Final Terms may provide that the Notes may be redeemed in two or more instalments in such amounts and on such dates as may be indicated in such Final Terms.

Optional Redemption:

Notes may be redeemed before their stated maturity at the option of the Issuer (either in whole or in part) and/or

(where the Notes are Senior Notes) the Noteholders to the extent (if at all) specified in the relevant Final Terms and subject to all relevant legal and regulatory requirements. In the case of Subordinated Notes, early redemption may occur only with the prior approval of the Bank of Italy.

Tax or Regulatory Redemption: Except as described in "Optional Redemption" above, early redemption will only be permitted for tax reasons as described in Condition 9(b) (*Redemption for tax reasons*), or in the case of Subordinated Notes, for regulatory reasons as described in Condition 9(c) (*Redemption for regulatory reasons*).

Interest: Notes may be interest-bearing or non-interest bearing. Interest (if any) may accrue at a fixed rate or a floating rate and the method of calculating interest may vary between the issue date and the maturity date of the relevant Series.

Fixed Rate Notes: Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes: Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc.; or
- (ii) by reference to LIBOR, EURIBOR or ECB Interest Rate as adjusted for any applicable margin.

Interest periods will be specified in the relevant Final Terms.

CMS Linked Interest Notes: Payments of interest in respect of CMS Linked Interest Notes will be calculated by reference to the CMS Rate as may be specified in the relevant Final Terms.

Zero Coupon Notes: Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Interest Periods and Interest Rates: The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Denominations:

Notes will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements and save that the minimum denomination of each Note admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive will be €100,000 (or, where the Notes are denominated in a currency other than euro, the equivalent amount in such other currency). If the Final Terms so specify, and for so long as the Notes are represented by the Temporary Global Note or Permanent Global Note and the relevant clearing system(s) so permit, Notes may be issued in denominations of EUR 100,000 and integral multiples of EUR 1,000 in excess thereof up to and including EUR 199,000.

Cross Default:

The Senior Notes will have the benefit of a cross default as described in Condition 12(a) (*Events of Default of Senior Notes*).

The Subordinated Notes will not contain any cross default provision.

Taxation:

All payments in respect of Notes will be made free and clear of withholding or deduction of Italian taxation, unless the withholding or deduction is required by law. In that event, the Issuer will (subject to certain exceptions as provided in Condition 11 (*Taxation*)) pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding or deduction been required.

However, as more fully set out in Condition 11 (*Taxation*), the Issuer will not be liable to pay any additional amounts to Noteholders with respect to any payment, withholding or deduction pursuant to Italian Legislative Decree No. 239 of 1 April 1996, as amended and supplemented, on account of Italian substitute tax (*imposta sostitutiva*), as defined therein in relation to interest or premium payable on, or other income deriving from, any Notes. See "Taxation" below.

Governing Law:

English law, including all non-contractual obligations arising from or connected therewith, except for Conditions 5 (*Status and Special Provisions of Subordinated Notes*), 9(f) (*Redemption of Subordinated Notes*) and 12(b) (*Events of Default of Subordinated Notes*) and any non-contractual obligations arising from or connected therewith, which are governed by, and shall be construed in accordance with, Italian law.

Enforcement of Notes in Global Form:

In the case of Global Notes, individual investors' rights against the Issuer will be governed by a Deed of Covenant dated 15 July 2015 a copy of which will be available for inspection at the specified office of the Fiscal Agent.

Ratings:

Notes issued pursuant to the Programme may be rated or unrated. Where a Tranche of Notes is rated, its rating will not necessarily be the same as any rating applicable to the Programme. Details of the rating, if any, attributable to a Tranche of Notes will be specified in the relevant Final Terms. **A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.**

Whether or not each credit rating applied for in relation to relevant Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and Registered under the CRA Regulation (or is endorsed and published or distributed by subscription by such a

credit rating agency in accordance with the Regulation) unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

Selling Restrictions:

There are certain restrictions on the offer, sale and transfer of the Notes. For a description of such restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the European Economic Area, the United Kingdom, the Republic of Italy and Japan, see "Subscription and Sale" below.

Risk Factors:

There are certain factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme. These are set out under "Risk Factors" below and include risks relating to competition and other operating and general banking risks, such as credit risk and interest rate risk. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and include risks related to the structure of a particular issue of Notes and risks common to the Notes generally.

FURTHER PROSPECTUSES AND SUPPLEMENTS

The Issuer will prepare a replacement prospectus setting out the changes in the operations and financial conditions of the Issuer at least every year after the date of this Base Prospectus and each subsequent prospectus.

The Issuer has given an undertaking to the Dealers that, if at any time during the duration of the Programme there is a significant new factor, material mistake or inaccuracy relating to the information contained in this Base Prospectus which is capable of affecting the assessment of the Notes, it shall prepare a supplement to this Base Prospectus pursuant to Article 16 of the Prospectus Directive or publish a replacement Base Prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer any number of copies of such supplement as a Dealer may reasonably request.

In addition, the Issuer may agree with any Dealer to issue Notes in a form not contemplated in the section of this Base Prospectus entitled "**Form of Final Terms**". To the extent that the information relating to that Tranche of Notes constitutes a significant new factor in relation to the information contained in this Base Prospectus, a separate prospectus specific to such Tranche (a "**Drawdown Prospectus**") will be made available and will contain such information. Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the relevant Notes or (2) pursuant to Article 5.3 of the Prospectus Directive, by a registration document containing the necessary information relating to the Issuer, a securities note containing the necessary information relating to the relevant Notes and, if necessary, a summary note. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, references in this Base Prospectus to information specified or identified in the Final Terms shall (unless the context requires otherwise) be read and construed as information specified or identified in the relevant Drawdown Prospectus.

FORMS OF THE NOTES

Each Tranche of Notes will initially be in the form of either a temporary global note (a "**Temporary Global Note**"), without Coupons or Receipts, or a permanent global note (a "**Permanent Global Note**"), without Coupons or Receipts, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in a new global note form (a "**Classic Global Note**" or "**CGN**"), as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank S.A./N.V. ("**Euroclear**") and/or Clearstream Banking, société anonyme, Luxembourg ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Note which is intended to be issued in new global note form (a "**New Global Note**" or "**NGN**"), as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "**Standards for the use of EU securities settlement systems in ESCB credit operations**" of the central banking system for the euro (the "**Eurosystem**"), *provided that* certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and the debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note without Coupons or Receipts (as defined herein), interests in which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without Coupons or Receipts, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt

delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within 7 days of the bearer requesting such exchange.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership, *provided, however, that* in no circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

The Permanent Global Note will be exchangeable in whole, but not in part, for Notes in definitive form ("**Definitive Notes**"):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 12 (*Events of Default*) occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in (iii) above, Notes may be issued in denominations which represent the aggregate of (i) a

minimum denomination of €100,000, plus (ii) integral multiples of €1,000, *provided that* such denominations are not less than €100,000 nor more than €199,000. For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Notes. However, a Noteholder who holds a principal amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons or Receipts, interests in which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note, without Coupons or Receipts, interests in which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts (as defined herein) attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Where the Temporary Global Note is to be exchanged for Definitive Notes, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts whether in global or definitive form.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note, without Coupons or Receipts, interests in which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms;
or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 12 (*Events of Default*) occurs.

Where interests in the Permanent Global Note are to be exchanged for Definitive Notes in the circumstances described in (i) and (ii) above, Notes may only be issued in denominations which are integral multiples of the minimum denomination and may only be traded in such amounts, whether in global or definitive form. As an exception to the above rule, where the Permanent Global Note may only be exchanged in the limited circumstances described in (iii) above, Notes may be issued in denominations which represent the aggregate of (i) a minimum denomination of €100,000, plus (ii) integral multiples of €1,000, *provided that* such denominations are not less than €100,000 nor more than €199,000. For the avoidance of doubt, each holder of Notes of such denominations will, upon exchange for Definitive Notes, receive Definitive Notes in an amount equal to its entitlement to the principal amount represented by the Permanent Global Notes. However, a Noteholder who holds a principal amount of less than the minimum denomination may not receive a Definitive Note and would need to purchase a principal amount of Notes such that its holding is an integral multiple of the minimum denomination.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange. Where the Notes are listed on the Luxembourg Stock Exchange and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 18 (*Notices*).

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "Terms and Conditions of the Notes" below and the provisions of the relevant Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Summary of Provisions relating to the Notes while in Global Form" below.

Legend concerning United States persons

In the case of any Tranche of Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons, Talons and Receipts appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

The sections referred to in such legend provide that a United States person who holds a Note, Coupon, Talon or Receipt will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note, Coupon, Talon or Receipt and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (*Fixed Rate Note Provisions*) (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is 7 days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement

Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is 7 days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

- (c) *Screen Rate Determination for Floating Rate Notes other than CMS Linked Interest Notes*: If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "CMS Rate" is not specified as the Reference Rate in the Final Terms, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
 - (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates

(being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *Screen Rate Determination for Floating Rate Notes which are CMS Linked Interest Notes:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and "CMS Rate" is specified as the Reference Rate in the Final Terms, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent by reference to the following formula:

CMS Rate plus Margin

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotation, the CMS Rate for such Interest Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent in good faith on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

- (e) *ISDA Determination*: If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms.
- (f) *Maximum or Minimum Rate of Interest*: If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (g) *Calculation of Interest Amount*: The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount during such Interest Period and multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified currency (half a sub-unit being rounded upwards). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where the Specified Denomination of a Floating Rate Note or CMS Linked Interest Note comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.
- (h) *Publication*: The Calculation Agent will cause each Rate of Interest and

Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

- (i) *Notifications, etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 (*Floating Rate and CMS Linked Interest Note Provisions*) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders, the Receiptholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

- (a) *Application:* This Condition 8 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is 7 days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up

to such seventh day (except to the extent that there is any subsequent default in payment).

8A. CHANGE OF INTEREST BASIS

If Change of Interest Basis is specified as applicable in the applicable Final Terms, the interest payable in respect of the Notes will be calculated in accordance with Condition 6 (*Fixed Rate Note Provisions*) or Condition 7 (*Floating Rate and CMS Linked Interest Note Provisions*), each applicable only for the relevant periods specified in the applicable Final Terms.

If Change of Interest Basis is specified as applicable in the applicable Final Terms, and Issuer's Switch Option is also specified as applicable in the applicable Final Terms, the Issuer may, on one or more occasions, as specified in the applicable Final Terms, at its option (any such option, a "**Switch Option**"), having given notice to the Noteholders in accordance with Condition 18 (*Notices*) and delivering such notice to the Paying Agent and the Calculation Agent on or prior to the relevant Switch Option Expiry Date, change the Interest Basis of the Notes from Fixed Rate to Floating Rate or Floating Rate to Fixed Rate or as otherwise specified in the applicable Final Terms with effect from (and including) the Switch Option Effective Date specified in the applicable Final Terms to (but excluding) the Maturity Date (or, where more than one Switch Option Effective Date is specified in the applicable Final Terms, up to and excluding the next following Switch Option Effective Date), provided that (A) the Switch Option may be exercised only in respect of all the outstanding Notes, (B) upon exercise of a Switch Option, the Interest Basis change will be effective from (and including) the relevant Switch Option Effective Date until the Maturity Date (or, where more than one Switch Option Effective Date is specified as applicable in the applicable Final Terms, up to and excluding the next following Switch Option Effective Date to the extent the related Switch Option is exercised), and (C) where a Switch Option has not been exercised prior to the relevant Switch Option Expiry Date, the Issuer shall no longer be entitled to exercise such Switch Option and the Interest Basis shall not change.

"**Switch Option Expiry Date**" and "**Switch Option Effective Date**" shall mean any date specified as such in the applicable Final Terms provided that any date specified in the applicable Final Terms as a Switch Option Effective Date shall be deemed as such subject to the exercise of the relevant Switch Option having been notified by the Issuer pursuant to this Condition and in accordance with Condition 18 (*Notices*) prior to the relevant Switch Option Expiry Date.

9. REDEMPTION AND PURCHASE

(a) *Scheduled redemption*: Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on

the Maturity Date, subject as provided in Conditions 9(f) (*Redemption of Subordinated Notes*) and 10 (*Payments*).

- (b) *Redemption for tax reasons*: The Notes may be redeemed at the option of the Issuer (but subject, in the case of Subordinated Notes, to the prior approval of the Bank of Italy) in whole, but not in part:
- (i) at any time (if, neither the Floating Rate Note Provisions nor CMS Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions or CMS Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (*Tax*), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 11 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of the Republic of Italy or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes;
- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it; and
- (C) in the case of Subordinated Notes only if the circumstances under points (A) and (B) above have occurred within five years of the issue of the relevant Subordinated Notes, the Issuer demonstrates to the satisfaction of the Relevant Authority that such change is material and was not reasonably foreseeable at the Issue Date,

provided, however, that no such notice of redemption shall be given earlier than: 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent (A) a certificate signed by a legal representative of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions

precedent to the right of the Issuer so to redeem have occurred and (B) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 9(b), the Issuer shall be bound to redeem the Notes in accordance with this Condition 9(b).

(c) *Redemption for regulatory reasons:*

- (i) *Application:* This Condition 9(c) applies only if (A) the Notes are specified in the relevant Final Terms as being Subordinated Notes; and (B) Condition 9(c) is specified in the relevant Final Terms as being applicable.
- (ii) *Redemption:* If, at any time the Issuer determines that a Regulatory Event has occurred, the Notes may be redeemed at the option of the Issuer (subject to Condition 9(f) (*Redemption of Subordinated Notes*) below), in whole, but not in part, at any time (if this Note is neither a Floating Rate Note nor a CMS Linked Interest Note) or on any Interest Payment Date (if the Note is either a Floating Rate Note or a CMS Linked Interest Note), on giving not less than 15 nor more than 30 days' notice to the Fiscal Agent and, in accordance with Condition 18 (*Notices*) to the Noteholders.

Prior to the publication of any notice of redemption pursuant to this Condition 9(c), the Issuer shall deliver or procure that there is delivered to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer stating that the said circumstances prevail and describe the facts leading thereto, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

Upon the expiry of any such notice as is referred to in this Condition 9(c), the Issuer shall be bound to redeem the Notes in accordance with this Condition 9(c), at the Early Redemption Amount (Regulatory Event) described in the relevant Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

- (d) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may (subject, in the case of Subordinated Notes, to prior approval of the Bank of Italy) be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes

specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

- (e) *Partial redemption*: If the Notes are to be redeemed in part only on any date in accordance with Condition 9(d) (*Redemption at the option of the Issuer*), the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law and the rules of each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation, and the notice to Noteholders referred to in Condition 9(d) (*Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or less than the minimum so specified.
- (f) *Redemption of Subordinated Notes*: Subordinated Notes shall have a minimum Maturity Period of five years, as provided under the Prudential Regulations for Banks.

Notwithstanding the foregoing provisions of this Condition 9: (i) to the extent required by the Applicable Banking Regulations, the redemption of any series of Subordinated Notes at their Maturity Date shall be subject to the prior approval of the Bank of Italy; and/or (ii) the early redemption of any series of Subordinated Notes shall always be subject to the prior approval of the Bank of Italy. Failure to redeem any such Notes where such consent has not been granted shall not constitute a default of the Issuer for any purpose.

Amounts that would otherwise be payable on the due date will continue to bear interest until whichever is the earlier of (i) the day on which all sums due in respect of such Subordinated Notes up to that day are received by or on behalf of the Noteholders and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of such Subordinated Notes up to such seventh day.

- (g) *Redemption at the option of Noteholders*:
 - (i) *Application*: This Condition 9(g) (*Redemption at the option of Noteholders*) is applicable only to Senior Notes and if the Put Option is specified in the relevant Final Terms as being applicable.
 - (ii) *Put Options*: The Issuer shall, at the option of the holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in

the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 9(g), the holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put), deposit with any Paying Agent such Note together with all unmatured Coupons and any unmatured Receipts relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 9(g), may be withdrawn; *provided, however, that* if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 9(g), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.

- (h) *No other redemption:* The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Conditions 9(a) (*Scheduled redemption*) to (g) (*Redemption at the option of Noteholders*).
- (i) *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in

the relevant Final Terms for the purposes of this Condition 9(i) or, if none is so specified, a Day Count Fraction of 30E/360.

- (j) *Purchase*: The Issuer or any of its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, *provided that*:
 - (i) all unmatured Coupons and Receipts are purchased therewith; and
 - (ii) Subordinated Notes may only be purchased by the Issuer or any of its Subsidiaries subject to the prior approval of the Bank of Italy, unless the Notes to be purchased (A) do not exceed 10 per cent. of the aggregate nominal amount of the relevant Series and (B) are not to be purchased in order to be surrendered to any Paying Agent for cancellation.
- (k) *Cancellation*: All Notes which are so redeemed or purchased and subsequently surrendered for cancellation by the Issuer or any of its Subsidiaries and any unmatured Coupons and Receipts attached to or surrendered with them shall be cancelled and may not be reissued or resold.
- (l) *Instalments*: Unless previously redeemed, or purchased and cancelled (all as more fully described in this Condition 9), each Instalment Note will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. In the case of such Notes in definitive form, all instalments (other than the final instalment) will be paid against surrender of the relevant Receipt (which must be presented with the Instalment Note to which it appertains) and in the case of the final instalment against surrender of the relevant Note.

10. PAYMENTS

- (a) *Principal*: Payments of principal shall be made only against:
 - (i) presentation and (*provided that* payment is made in full) surrender of Notes;
 - (ii) in respect of any Instalment Amount which becomes due on an Instalment Date, presentation and (*provided that* payment is made in full) surrender of the appropriate Receipts,

at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the

case of a sterling cheque, a town clearing branch of a bank in the City of London).

- (b) *Interest:* Payments of interest shall, subject to Condition 10(h) (*Payments other than in respect of matured Coupons*) below, be made only against presentation and (*provided that* payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in 10(a) (*Principal*) above.
- (c) *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.
- (d) *Payments subject to fiscal laws:* All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 11 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Section 1471 through 1474 of the Code, any regulation or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) *Deductions for unmatured Coupons:* If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Note is presented without all unmatured Coupons relating thereto:
 - (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; *provided, however, that* if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;

- (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; *provided, however, that* where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; *provided, however, that*, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (*provided that* payment is made in full) surrender of the relevant missing Coupons.

- (f) *Unmatured Coupons void*: If the relevant Final Terms specifies that this Condition 10(f) is applicable or that the Floating Rate Note Provisions or CMS Linked Interest Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 9(b) (*Redemption for tax reasons*), Condition 9(c) (*Redemption for regulatory reasons*), Condition 9(d) (*Redemption at the option of the Issuer*), Condition 9(g) (*Redemption at the option of Noteholders*) or Condition 12 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (g) *Payments on business days*: If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day in the place of presentation, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.

- (h) *Payments other than in respect of matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted under Condition 10(c) (*Payments in New York City*)).
- (i) *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) attached to the Notes, the Talon attached to such Note may be exchanged at the Specified Office of the Fiscal Agent for further Coupons, as the case may be (including, if appropriate, a further Talon) but excluding any Coupons in respect of which claims have already become void pursuant to Condition 13 (*Prescription*). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.
- (j) *Unmatured Receipts Void:* If the relevant Final Terms specifies that this Condition 10(j) is applicable or that the Instalment Note provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 9(b) (*Redemption for tax reasons*), Condition 9(c) (*Redemption for regulatory reasons*), Condition 9(d) (*Redemption at the option of the Issuer*), Condition 9(g) (*Redemption at the option of Noteholders*) or Condition 12 (*Events of Default*), all unmaturred Receipts relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.

- (b) *Gross up:* In the event that such withholding or deduction of taxes, duties, assessments, or governmental charges is required by law (as referred to in Condition 11(a)), the Issuer shall pay such additional amounts as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Note or Coupon presented for payment:

- (i) in the Republic of Italy;

The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, one or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; *provided, however, that* Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which one or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Notes and these Conditions may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or

technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

17. **FURTHER ISSUES**

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the Issue Price, the Issue Date and/or the first payment of interest) so as to form a single series with the Notes.

18. **NOTICES**

Notices to the Noteholders shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) and, if the Notes are listed on the Luxembourg Stock Exchange and the rules of that exchange so require, a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange (*www.bourse.lu*) or in either case, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders and Receiptholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders.

19. **CURRENCY INDEMNITY**

If any sum due from the Issuer in respect of the Notes, the Coupons or any Receipt or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

20. **ROUNDING**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

21. **GOVERNING LAW AND JURISDICTION**

- (a) *Governing law*: The Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by English law, except for Conditions 5 (*Status and Special Provisions of Subordinated Notes*), 9(f) (*Redemption of Subordinated Notes*) and 12(b) (*Events of Default of Subordinated Notes*) which are governed by and shall be construed in accordance with Italian law.
- (b) *English courts*: The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes (including a dispute relating to the existence, validity or termination of the Notes or any non-contractual obligation arising out of or in connection with the Notes) or the consequences of their nullity.
- (c) *Appropriate forum*: The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- (d) *Rights of the Noteholders to take proceedings outside England*: Condition 21(b) (*English courts*) is for the benefit of the Noteholders only. As a result, nothing in this Condition 21 (*Governing Law and Jurisdiction*) prevents any Noteholder from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions.
- (e) *Process agent*: The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Wilmington Trust SP Services (London) Limited at Third Floor, 1 King's Arms Yard, London EC2R 7AF, United Kingdom, or, if different, its registered office for the time being

or at any address of the Issuer in Great Britain at which process may be served on it in accordance with the procedures set out in the Companies Act 2006. If such Person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of any Noteholder addressed and delivered to the Issuer or to the Specified Office of the Fiscal Agent, appoint a further Person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Noteholder shall be entitled to appoint such a Person by written notice addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent. Nothing in this paragraph shall affect the right of any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings outside England pursuant to paragraph (d) above.

OVERVIEW OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Terms and Conditions of the Notes to "**Noteholder**" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary (in the case of a CGN) or a common safekeeper (in the case of an NGN) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the bearer of the Global Note.

Exchange of Temporary Global Notes

Whenever any interest in a Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure:

- (a) in the case of first exchange, the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated and (in the case of an NGN) effectuated, to the bearer of the Temporary Global Note; or
- (b) in the case of any subsequent exchange, an increase in the principal amount of such Permanent Global Note in accordance with its terms,

in each case in an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and received by the Fiscal Agent against presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 7 days of the bearer requesting such exchange.

Whenever a Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly

authenticated and with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) a Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (Luxembourg time) on the seventh day after the bearer of a Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Temporary Global Note has requested exchange of the Temporary Global Note for Definitive Notes; or
- (c) a Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of a Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note or increase the principal amount thereof or deliver Definitive Notes, as the case may be) will become void at 5.00 p.m. (Luxembourg time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of (b) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of (c) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under a deed of covenant dated 15 July 2015 (the "**Deed of Covenant**") executed by the Issuer). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Definitive Notes will not be printed in respect of an amount of Notes which are less than the Minimum Denomination.

Where the Notes are listed on the Luxembourg Stock Exchange and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes

pursuant to Condition 18 (*Notices*).

In addition to the requirements and procedures set out in this section, any exchange of Temporary Global Notes will be subject to the requirements and procedures set out under "Form of the Notes".

Exchange of Permanent Global Notes

Whenever a Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and, where applicable, with Coupons, Talons and Receipts attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the Specified Office of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (Luxembourg time) on the forty-fifth day after the bearer of a Permanent Global Note has duly requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) a Permanent Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Permanent Global Note in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (Luxembourg time) on such forty-fifth day (in the case of (a) above) or at 5.00 p.m. (Luxembourg time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Definitive Notes will not be printed in respect of an amount of Notes which are less than the Minimum Denomination.

Where the Notes are listed on the Luxembourg Stock Exchange and its rules so require, the Issuer will give notice of the exchange of the Permanent Global Note for Definitive Notes pursuant to Condition 18 (*Notices*).

In addition to the requirements and procedures set out in this section, any exchange of Permanent Global Notes will be subject to the requirements and procedures set out under "Form of the Notes".

Conditions applicable to Global Notes

Each Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that, in respect of a CGN, the payment is noted on a schedule thereto and, in respect of an NGN, the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

Exercise of put option: In order to exercise the option contained in Condition 9(g) (*Redemption at the option of Noteholders*), the bearer of the Permanent Global Note must, within the period specified in the Conditions for the deposit of the relevant Note and Put Option Notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 9(d) (*Redemption at the option of the Issuer*) in relation to some only of the Notes, the Permanent Global Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg, at their discretion, as either a pool factor or a reduction in principal amount).

Notices: Notwithstanding Condition 18 (*Notices*), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such

notices shall be deemed to have been given to the Noteholders in accordance with Condition 18 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system; except that for so long as such Notes are admitted to trading on the Luxembourg Stock Exchange and it is also a requirement of applicable laws or regulations, such notices shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (*www.bourse.lu*).

Payment Business Day: Notwithstanding the definition of "Payment Business Day" in Condition 2(a) (*Definitions*), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depository or a common depository for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, "Payment Business Day" means:

- (a) if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or
- (b) if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

History and Development

The origins of the Issuer in the form in which it stands today can be traced back to the 1960's.

"*Istituto di Credito delle Casse Rurali e Artigiane*" (Credit Institute of Rural and Artisan Banks) (the "**Credit Institute**") was incorporated on 30 November 1963 with approximately 190 rural banks signing its charter.

In the early years of its business activities, the Credit Institute provided services to a growing number of banks. During the early seventies the number of client banks (the Italian cooperative banks ("**BCC**") and rural banks ("**CR**")) that the Credit Institute was serving continued to expand, resulting in its establishment of separate departments to provide banking services to better meet the requirements of companies within the group.

In 1975, the *Fondo Centrale di Garanzia* was also established. This was one of the first examples in Italy of a funding system providing key financial and credit services to a network of banks.

Twenty years after its establishment, coupled with an increased growth in the agricultural banking system, the role of the Credit Institute was becoming increasingly important.

In 1985, *Sezione Speciale per il Credito alla Cooperazione* at BNL (the department of Banca Nazionale del Lavoro that specialises in lending to rural business cooperatives) authorised the Credit Institute to provide loans to rural banks for lending to various cooperatives.

Also in that year, the Credit Institute increased its share capital to 80 billion Italian liras and established the *Società Coogestioni*, which issued the *Fondo Aureo* (golden fund) on the market.

In 1992, the Credit Institute became a member of the UNICO Banking Group resulting in an expansion of its presence in the European market.

In 1995, the Parent Company and the Issuer were established, and the banking activities of the Credit Institute were transferred to the Issuer.

On 1 July 1995, the Issuer became an official member of the UNICO Banking Group.

In 1997, the Issuer joined the newly-established *Fondo di Garanzia dei Depositanti del Credito Cooperativo* and a year later it was active in a number of the divisions of the Milan stock exchange (including in shares, bonds and derivatives) also becoming a primary dealer on the wholesale market for Government bonds.

On 29 July 1999, by extraordinary resolutions of the shareholders, the name of Iccrea S.p.A. was changed to "**ICCREA BANCA – Istituto Centrale del Credito Cooperativo** – joint-stock company" with effect from 1 January 2000.

In 2000, the Group launched a complex and strategic reorganisation of its banking businesses/operations with the aim of bringing the Issuer closer to the credit cooperative banks and their markets.

In 2000, the share capital of the Issuer was 420 billion Italian liras and on 22 September 2000 the Board of Directors agreed to the conversion of the above mentioned share capital to the amount of Euro 216,913,200.

Strategy

In order to assess the management prospects of the Issuer, it is considered useful to refer to the strategic guidelines issued by the Parent Company.

With reference to the strategic guidelines, objectives are defined by the Group for the three-year period 2015-2017 (the "**Plan**") in order to support the BCCs through the offer of:

- specific products and services (payment systems, payment cards, finance, equity intermediation, etc.);
- specialised loan products (e.g., leasing, extraordinary finance products, foreign, factoring, hire and debt collection);
- support financing products (e.g., ordinary credit, consumer credit and residential mortgages);
- financial and insurance products; and
- administrative services.

The Plan's key objectives provide for:

- a focus on providing support to the BCCs in the development of their markets of reference through the confirmation of the market of reference established by the BCCs and by their "elective" customers both current and potential (expansion of the customer base on their territories) and increased penetration with existing customers;
- the full application of the new service model (from supplier to partner) through the capacity of the Group to make its products/services/expertise available as direct support for the BCC branch (i.e., integration of the Group in the distribution chain of the BCC) and achievement of greater penetration with the customers of the Group offer (cross selling between companies of the Group). In this context the Issuer will also continue to review its service model, in line with the Parent Company, towards an affirmation of its role as a lasting, permanent partner and away from the old concept of the "product factory";

- capital adequacy, oversight of liquidity in line with the service role held by the Group, and joint management of the risks;
- containment of the costs through the search for economies of scale, rationalisation and simplification of the organisational and company structure; and
- realisation of alliances.

In addition, as part of the Plan, the Parent Company has prioritised the closure or consolidation of ongoing project initiatives and is focusing on a list of new projects selected in accordance with the Group's strategy.

Overview of business activities

The Issuer's corporate purpose is to: "*...facilitate the activities of Cooperative Credit Banks (BCC), by supporting and strengthening their banking business through the provision of loans, technical support, and financial assistance...*" (article 4, paragraph 2, of the Issuer's Articles of Association).

The Issuer's primary purpose is to support and strengthen the banking businesses of the BCCs through all forms of lending, technical and financial assistance in accordance with the procedures set out in the relevant bank's articles of association as well as through other initiatives aimed at facilitating the interests of the BCC.

The BCCs are local and rural banks that provide banking services in a defined, limited geographical area and mainly to their shareholders. Currently there are 376 BCCs active in the Italian market, spread across the Republic of Italy in approximately 2,703 Italian municipalities. Many of them are clients of the Issuer.

As set out in the abovementioned article 4 of the Articles of Association of the Issuer, the corporate purpose of the Issuer includes the collection of savings, lending and factoring. The Issuer may carry out subject to and in compliance with applicable regulations banking and financial transactions and services, as well as any transactions which may be instrumental to, or in any case related to, the fulfilment of its corporate purpose.

The Issuer may, subject to and in accordance with existing laws and regulations, issue bonds, hold equity interests in other companies (including majority interest holdings in companies which carry out business activities) *provided that* they contribute towards the fulfilment of the Issuer's corporate purpose.

The Issuer prepares a regular management report, in accordance with a specific "data model", reporting on the results obtained by the individual business areas into which the Issuer's activities are subdivided.

These individual business areas are described as follows:

- finance and credit;
- payment systems; and
- corporate centre (includes institutional services, central governance, support functions and agency service).

This break-down of the business functions reflects the operating responsibilities based on the Issuer's organisational structure; the business areas are made up of an aggregation of units and business lines which have similar characteristics regarding the type of products and services provided and regulatory requirements affecting the way the Issuer is authorised to do business.

The table below sets out a summary of the financial highlights of the Income Statement of the Issuer for the years ended 31 December 2014 and 31 December 2013, divided by business area.

Business Units

The Issuer's activities within each business area described under "***Overview of business activities***" above are split into units which comprise (i) activities that the Issuer carries out on its own account, and (ii) services that it provides to the BCC in accordance with its corporate purpose. Below is a description of the units within each business area summarising the scope of each such unit's activity.

Finance and Credit

The finance and loan business area operates in various sectors providing support to the operational needs of the BCCs maintaining in the meantime a low risk level.

Proprietary Finance & Trading

The "***U.O. Finanza Proprietaria e Trading***" manages activities for the Issuer in relation to the trading book and provides a mechanism for identifying borrowing requirements at individual and consolidated levels. This involves monitoring and overseeing management of risks relating to interest rates, foreign exchange and liquidity of the banking book.

The business unit, in the current structure, is given the following tasks and responsibilities:

- (a) market making in respect of the multilateral trading system (as Hi-Mtf Sim S.p.A. and EuroTLX);
- (b) management of portfolios owned by the Issuer, including certain assets held through unlisted derivative financial instruments;

- (c) trading of government securities on regulated markets, multilateral trading systems and/or outside the market;
- (d) activities carried out in order to identify the financial needs of the Issuer and those of other companies within the Group and to formulate proposals for the management of risks related to interest rates, foreign exchange and liquidity, and in order to determinate investment proposals for holding proprietary assets; and
- (e) funding through the issuance of bonds on domestic and international markets.

Treasury and Exchange – "U.O. Tesoreria e Cambi"

The "U.O. Tesoreria e Cambi" operates in the monetary, foreign exchange and precious metals markets providing management of funding received by the BCC and the relevant structures of the Issuer, by ensuring at the Issuer and the Group consolidated levels the supervision of funding requirements in respect of short term commitments and the management of liquidity in respect of short term and foreign exchange requirements.

In 2014, the "U.O. Tesoreria e Cambi" given the strong liquidity position of the Bank, the banking group and the mutual banks as a whole, expanded its transactions in collateralised markets, which offered, particularly at the start of 2014, lower funding rates than the ECB.

This opportunity was used in a variety of ways to improve the profitability of the sector as set out below:

- the participation in important ECB initiatives to support lending comprised targeted longer-term refinancing operations (TLTROs) with the formation of a TLTRO group by Iccrea Banca. The TLTRO Group's membership includes 193 mutual banks. The amount of the two transactions totalled €3.8 billion (amount requested by Iccrea Banca from the ECB was €3.98 billion);
- the offering on demand to the mutual banks of fixed-rate market transactions for periods exceeding 12 months; and
- greater use of overnight indexed swaps (OIS) in managing the "Treasury Collateral" portfolio to hedge interest rate risk and overnight transactions on the special securities market.

The key initiatives which were undertaken to improve the structure's potential and the services offered to the banks included:

- the completion of the ABACO project for the use of bank loans in operations with the ECB, including in the new mechanisms recently introduced by the Bank of Italy "pools of homogeneous loans" consisting of commercial and residential mortgage loans;

- the installation of a new, integrated, treasury dashboard that:
 1. manages Target 2 and T2S settlements in accordance with new system standards;
 2. monitors the indicators for the management of the inter-day liquidity as envisaged under the Basel III rules; and
 3. provides more efficient tools for managing the liquidity for Iccrea Banca treasury operations, improving coordination of information from the IT systems and the treasuries of the mutual banks; and
- the launch of a process to strengthen the collateral and the “account pool” operating system.

Institutional Sales – "U.O. Institutional Sales"

The "U.O. Institutional Sales" provides on behalf of the BCCs, other client banks, the companies within the Group and the internal structures of the Issuer, certain financial investment services including: execution of orders on behalf of clients, collection and transmission of orders and placement services.

In 2014, the *U.O. Institutional Sales* continued to develop its own investment service offer model on the basis of the continuous evolution of its customers' needs. This action is focussed on:

- identification of new operative demands of the BCCs and their customers;
- innovation of supporting operations for technological devices; and
- developing a best execution model.

This enabled the launch of some important projects, including, in particular:

- the participation of the "EMIR" Work Group, whose objective is to search for the best technical-operative solutions for the management of the "Clearing" of the derivative contracts concluded by the BCCs with the Institute;
- in the primary market, where Iccrea Banca registered a further considerable expansion in volumes compared with 2013, going from €5.5 billion to €6 billion, thanks in part to participation in the placement of two Italian BTP issues, which generated total orders of €3.3 billion. More specifically, Iccrea Banca took on the role of co-dealer for the first time for the April issue, placing more than €2.6 billion, equal to about 13% of the total; and
- the management of the assets underlying BCC Vita's products was transferred to BCC Risparmio e Previdenza starting from 1 June 2014. Activity in the first five months of the year focused on achieving better risk/return ratios on investments made with the

large volume of new liquidity generated, seeking, at the same time, to not penalize the performance posted in the preceding months despite the significantly lower returns found on the markets.

The recovery in the prices of shares listed on the Italian market prompted an increase in volumes of orders collected, rising from €5 billion in 2013 to €6 billion in 2014.

Securitisations

Together with the other operational units and members of the Group, the Issuer has been involved in several securitisation transactions carried out by BCCs and other companies within the Group.

The main activities performed in 2014 are as follows:

- structuring of a new securitisation involving residential loans, in which 14 mutual banks participated in a total amount of approximately €298 million, named "Credico Finance 15". Unlike the other structured transactions, this was the first European multi-originator transactions involving commercial loans carried out with the European Investment Fund serving as guarantor of the Class A1 securities and the European Investment Bank as subscriber of the Class A2 securities;
- structuring of a new securitisation involving residential mortgage loans for BCC Cassapadana for approximately €180 million, named "Dominato Leonense";
- implementation of activities for the production of the "Loan by Loan" reports required by the ECB in respect of the following transactions: Credico Finance 8, Credico Finance 9, Credico Finance 10 and Credico Finance 11, Credico Finance 12 and Credico Finance 14, Credico Finance 15 and Dominato Leonense; and
- the launch of the "Non-Performing Loans" (NPLs) project in partnership with BCC Gestione Crediti, involving the multi-originator, non-recourse transfer of non-performing loans (secured and unsecured) held by the mutual banks to qualified investors. This project offers the participating mutual banks (expressions of interest numbered 95) the opportunity to improve their capital and liquidity ratios using an approach designed to reduce the administrative expenses associated with bad debt management and recovery.

Finance and Middle Office Technical Secretariat

The Finance and Middle Office Technical Secretariat oversaw and handled the development of the Finance business, while also providing middle-office services.

In providing support to the Finance units and, more specifically, with respect to the funding requirements of the Iccrea Banking Group, the unit was involved in:

- the adoption of an Italian issue program amounting to a total of €1,500 million, structured around 8 issue programs for which Iccrea Banca may carry out bond issues in Euros and other currencies at fixed rates, zero coupon, fixed rates with step-ups, variable rates with floors and caps as appropriate, mixed-rates, including bonds indexed to the performance of a financial asset or a financial index, call option and steepeners with possible floors and caps;
- the preparation of the base prospectus for subordinated bond issues for a total amount of €500 million. Following the approval of the base prospectus by CONSOB in February 2014, the first fixed-rate subordinated bond issue by Iccrea Banca amounting to €200 million was placed with the mutual banks' customers;
- the preparation of a special contract to extend credit to the mutual banks in the context of the collateral pool (ABACO). This project involves extending the line of credit to the mutual banks by providing a guarantee to the ECB of non-negotiable assets as "third-party guarantor"; and
- the renewal of this Programme.

As part of its collateral management activities, the Finance and Middle Office Technical Secretariat implemented a project to optimize risk weighted assets (RWA). For operations involving unlisted financial derivatives, the project involved the adoption of risk mitigation techniques, specifically set-off arrangements in transactions with the mutual banks, which led to an 80% reduction in the associated capital requirement.

In order to support the mutual banks more effectively, including with regard to regulatory and capital matters, a special portal (Portale Derivati) was developed, with around 200 participating banks. Users can access the various areas of the portal to comply with the reconciliation and margining requirements.

In respect of this, with regard to margining, 166 collateralisation agreements were entered into, initiating daily margining for positions in OTC derivatives. At 31 December 2014, security received amounted to €67 million and security given equalled €95 million.

At 31 December 2014 Iccrea Banca acquired security of around €52 million and granted security of about €202 million under margining contracts entered into with international counterparties within the framework of the ISDA Master Agreement and, for bilateral collateralization operations, the General Master Repurchase Agreement (GMRA).

Business Intelligence – "U.O Business Intelligence"

In the context of the activities concerning the investment services and with particular reference to the provision of consulting services in the field of investment, such organisational structure was adopted by the Issuer in March 2013.

The "U.O. Business Intelligence" is responsible for ensuring control of the activities of integrated analysis of qualitative and quantitative information for the BCCs and to propose

financial solutions in order to optimise the management of risk/yield. Such U.O. ensures the monitoring of markets and the development of the offer in terms of developing and/or updating of products and services. It provides to devise innovative financial instruments, in line with the needs of the BCCs. It ensures the implementation of marketing interventions in relation to the products/services offered by the Issuer. It supplies to the BCCs and the other clients banks advisory about advanced financial management, including the theoretical estimate of the economic value of financial instruments including complex. Its task is to also prepare and publish research on investments in favour of the BCCs.

Loans and receivables

The "*U.O. Loans and receivables*" provides services in relation to the processing of loans in Euros, foreign exchange and special loans for clients (institutional, large corporate, retail customers and employees of the Issuer). It also provides additional services such as development, pricing, management and monitoring of loans.

In 2014, the focus was on providing services to the BCCs and CRs, to companies within the Group and, to a lesser extent, to retail customers such as employees of the Group and/or clients referred to the Issuer by the BCCs and CRs, and through a policy of developing services obtaining the trust of very important large corporates.

In 2014, 511 financing operations were assured. Credit facilities were also granted with new technical forms (guaranteed credit openings - pool collateral) to meet the BCCs' liquidity needs. Lending continued to rise, reaching €20,626 million by the end of 2014 (of which €20,375 million to mutual banks and €251 million to other banks).

More specifically, of the total number of financing transactions authorised, 247 were lines of credit granted to mutual banks and "intermediary" banks, of which 146 were increases in or grants of loans for "collateral pool" transactions.

During the year, €0.9 million in sureties were issued on behalf of the mutual banks and the ordinary banks, bringing the total at 31 December 2014 to €4.1 million, of which €3.3 million granted to mutual banks and €0.8 million to the ordinary banks.

Correspondent Banking

Correspondent Banking mainly concentrated on two lines: the relationships network and the management of reputational risk. In 2014, the Group had more than 70 counterparties of whom more than 25 had never previously had relations with the Group. More specifically, activity was focused on countries which are important for Italian exports, namely India, Turkey and China, Russia and Morocco.

In 2014, within the context of this revitalisation activity of the network, Correspondent Banking also started a review action of the conditions of the accounts with the banks in order

to improve their efficiency and profitability in the field of international payments, in particular outside the EU.

The Correspondent Banking unit has acquired considerable experience in providing direct assistance to the mutual banks in finding solutions to problems arising with foreign banks and in setting up transactions with their customers.

This has reinforced the Issuer's role as a partner to the mutual banks in finding solutions to problems arising with foreign banks and in setting up transactions with their customers. In regard to this, an export manual was prepared in collaboration with Iccrea BancaImpresa and Iccrea Holding.

Payment Systems

Collection and Payment – "U.O. Incassi e Pagamenti"

The "U.O. Incassi e Pagamenti" manages products and services offered by the Issuer in relation to domestic and international payment systems, with the exception of documented operations connected to the import/export of goods. This unit manages the current account reports with ordinary retail clients, companies, the BCCs, Movement companies/entities and employees. It carries out the custody and management of cash, securities and assets whether owned or under administration. It supervises the formalities connected with the paperwork in the clearing process.

In the traditional payments sector, operations of the Collections and Payments Service are aimed at improving the quality of the services offered by BCCs, with the aim of meeting the needs of the same facilitating their increased market penetration.

In 2014, the Bank continued work on completing the SEPA Credit Transfer, Direct Debit and Cash products to ensure the full compliance of internal procedures with developments in national and international standards by 2015.

The "U.O. Incassi e Pagamenti" had the following objectives, in the interests of the BCCs:

- to implement the trade and regulation of collections/ payments towards banks situated within and outside the EU; and
- to minimise the costs that each individual BCC would incur to make the trade both on an operative level (connections, technological infrastructures, procedures, etc.) and on the level of regulatory monitoring.

E-bank service – "Servizio E-bank"

The "Servizio E-bank" promotes and develops matters regarding domestic and international payment systems and connected services offered to clients.

This service oversees research, exploration, verification of the validity and applicability of new products, both from the technical and managerial points of view.

The E-bank service has the responsibility of proposing, creating or contributing to the creation of suitable products/services which, in line with the central management development plan, meet – and when possible anticipate – the needs of clients. This service collaborates externally with institutional and trade entities (ABI, CIPA, etc.) and acts closely with the commercial units.

E-money services have developed through a phase of significant evolution which has brought them to hold even more prominent positions in the banking sector, both domestically and internationally.

The needs of the banking and finance sector today especially concern the integration of systems, internationalisation, insourcing, safety, conflicts and management of fraud.

Some notable factors impacting on the regulatory, procedural, and technological development of the sector have been determined by bodies and initiatives known as SEPA (Single Euro Payment Area), EAPS (Euro Alliance of Payment Schemes), and PSD (Payment Services Directive), aimed at unifying, regulating, and rationalising business, without leaving behind customer protection in terms of information and transparency, in adapting systems to each local market.

To satisfy the new requirements relating to the issue of affiliation cards, important requirements are necessary on all e-money service products, including authorisations to issue, which require a differentiated parameter system as well as a specific management of the new safety/authentication components.

The emergence of further opportunities related to retail and new delivery channels (mobile, Internet) need to be considered, in that they claim their own space in the world of electronic payments. In sharing these principles and accepting these indications, the Issuer is aligned with regulatory and market evolution, also taking advantage of specific collaboration in the realisation of systems and applications.

By identifying the Issuer as a single issuer and acquirer for the entire BCC and CR industry, the Issuer simplifies and rationalises the operating chain of e-money services, reinforces the quality and security of the catalogue of products/services, and provides a combined and centralised management of relationships with institutions, suppliers, and business partners.

All three components of the banking and finance sector (debit, prepaid and credit) recorded an appreciable increase in volumes that can be summarised as follows at the end of 2014:

- (a) debit cards issued with chip technology, migrating from the old magnetic strip card, totalled more than 2 million compared with 1.9 million in 2013, an increase of 7.2%;

- (b) active prepaid cards issued increased from 345,000 at the end of 2013 to 418,984 at the end of 2014 (an increase of 21.8 per cent.); and
- (c) credit cards issued showed a sustained increase of 6.2 per cent., moving from 684,000 at the end of 2013 to 727,458 at the end of 2014.

It should also be noted that the "acquiring bank" sector grew in 2014 with brokered volumes increased by 1.2 per cent. reaching 16.9 billion in 2014 (of which 12.4 billion relating to the PagoBANCOMAT/BANCOMAT circuit and 4.5 billion referring to the international circuit) as compared with 16.7 billion in 2013.

In 2014, the process of adapting the ATM and POS (*point of sale*) terminals to microcircuit technology also progressed at a sustained rate with 130,000 POSs and 4,400 ATMs. The position of the Issuer as the only major operator in the area of the Cooperative Credit Movement regarding supplying of e-money services and products will be enhanced by further new products and developments in the sector.

CAIS – "U.O. Applicazioni Centro Applicativo Interbancario Standardizzato"

The "*U.O. Applicazioni Centro Applicativo Interbancario Standardizzato*" promotes and develops matters regarding the typical activities of an "application centre" overseeing the planning/implementation/management of correlated systems (RNI, SWIFT, etc.) and services. It ensures the development of applications related to the activities of a "Clearing Bank".

Corporate Centre

Institutional Services - Securities Administration – "U.O. Amministrazione Titoli"

The "*U.O. Amministrazione Titoli*" is responsible for the administration of the financial instruments of the Issuer and third parties, and maintaining the administrative relationships with public bodies governing the regulation and custody of financial instruments.

Institutional Services - Depository Bank – "Servizio Banca Depositaria"

The Bank served as a custodian bank for asset management operations, for both the banking group companies and for other asset management companies, safeguarding the interests of investment fund subscribers and pension fund participants. The Bank provided asset custody, administration and control services in accordance with the law, regulations and instructions of the supervisory bodies of the managed funds, respectively from:

- in the securities investment funds segment: BCC Risparmio & Previdenza and Intermonte BCC Private Equity;
- in the pensions segment: the national pension fund of the mutual banks, BCC Risparmio & Previdenza, and Bancassurance Popolari; and

- in the real estate investment segment: Beni Stabili Gestioni, Investire Immobiliare SGR, Numeria SGR and Polis Fondi SGR.

During 2014, alongside its normal control activities, the custodian bank was involved in the process of completing the sale of the business unit to Istituto Centrale delle Banche Popolari Italiane (ICBPI). The transaction was completed with the payment of around Euro 21 million to Iccrea Banca by the purchaser.

The decrease is due mainly to transactions on current accounts and demand deposits, which declined by 46.2 per cent..

Risks and related hedging policies

The Group considers risk protection and control systems to be important requirements for guaranteeing a reliable and sustainable generation of value, protecting financial solidity and permitting adequate management of portfolios of assets and liabilities.

In relation to its lending activity, the Issuer has focused on:

- (a) supporting the BCCs in the agricultural sector;
- (b) developing relations with companies, within the BCCs area, that have a strong international approach;
- (c) being the main key centre for subsidised loans for the BCCs;
- (d) the funding needs of the BCCs by, for example, granting overdrafts, ceilings and maximum operational limits;
- (e) developing, with the cooperative community, loans pooled with the BCCs to the members of Confcooperative; and
- (f) the expansion of business with big corporate entities, consistent with the development of relations between these companies, the BCCs and the payment and electronic money services offered by the Issuer.

Credit Risk Management

Monitoring

In order to maintain the quality of its loan portfolio, the Issuer has a policy of careful evaluation of creditworthiness and the constant monitoring of its loan positions.

Lending risk

A centralised department establishes the procedures for evaluating the types of risks attached to each loan granted by the Issuer. The department also monitors the overall risk, verifies capital adequacy and evaluates the performance of lending activities in terms of risk/return. In addition, the process of debt recovery is supervised centrally and the debt recovery activities of the Issuer are coordinated.

Bad Debts

In accordance with the Bank of Italy's system of classification, the Issuer divides its loans into separate categories including, amongst others, (i) "substandard loans" for borrowers which are experiencing financial or economic difficulties that are likely to be temporary ("*incagli*") and (ii) "bad loans" for borrowers against whom insolvency or similar proceedings have been instituted ("*sofferenze*").

The Issuer's loan portfolio is monitored regularly to review the prospects of recovery and estimated losses and the Issuer makes specific provisions tied to the expected loss on each non-performing loan, problem loan or, if deemed necessary, on certain performing loans.

As at 31 December 2014, the amount of net bad loans was Euro 21,190,000 decreasing from Euro 24,385,000 in 2013.

Capital ratios consist of core (Tier I) and supplemental (Tier II) capital requirements relating to the Issuer's assets and certain off-balance sheet items weighted according to risks ("**risk-weighted assets**").

Under the Bank of Italy's regulations, the Issuer is required to maintain a total capital ratio (that is, the ratio of total capital to total risk-weighted assets) of at least eight per cent.

The Issuer's capital ratios as at 31 December 2014 and 2013, which are illustrated in the table below, exceed the minimum levels prescribed by the Bank of Italy.

TAXATION

The statements herein regarding taxation are based on the laws in force as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes.

Republic of Italy

1. ***Tax treatment of Notes which qualify as "obbligazioni" (bonds) or "titoli similari alle obbligazioni" (securities similar to bonds)***

Italian Legislative Decree No. 239 of 1 April 1996 ("**Decree 239**") sets out the applicable regime regarding the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "**Interest**") from notes falling within the category of bonds ("obbligazioni") or debentures similar to bonds ("titoli similari alle obbligazioni") issued, *inter alia*, by Italian banks.

1.1 ***Italian resident Noteholders***

Where the Italian resident Noteholder is:

- (a) an individual not engaged in an entrepreneurial activity to which the Notes are connected (unless he has opted for the application of the risparmio gestito regime – see under "Capital gains tax" below);
- (b) a non-commercial partnership;
- (c) a non-commercial private or public institution; or
- (d) an investor exempt from Italian corporate income taxation,

interest, premium and other income relating to the Notes, accrued during the relevant holding period, are subject to a withholding tax, referred to as "imposta sostitutiva", levied at the rate of 26 per cent. In the event that the Noteholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Notes are connected, the imposta sostitutiva applies as a provisional tax.

Where an Italian resident Noteholder is a company or similar commercial entity, or a permanent establishment in the Republic of Italy of a foreign company to which the Notes are effectively connected, and the Notes are deposited with an authorised intermediary, Interest

from the Notes will not be subject to imposta sostitutiva. They must, however, be included in the relevant Noteholder's income tax return and are therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the "status" of the Noteholder), also to IRAP (the regional tax on productive activities).

Under the regime provided by law-decree No. 351 of September 25, 2001 converted into law with amendments by law No. 410 of November 23, 2001, as clarified by the Agenzia delle Entrate through Circular No. 47/E of August 8, 2003, payments of interests in respect of the Notes made to Italian resident real estate investment funds established pursuant to article 37 of Legislative Decree 24 February 1998, No. 58 and article 14-bis of Law 1 January 1994, No. 86, are not subject to imposta sostitutiva. The taxation of the real estate fund has been repeatedly amended by Law Decree No. 78 of 31 May 2010 as converted, with amendments, into Law No. 122 of 30 July 2010 and by Law Decree No. 70 of 13 May 2011 as converted, with amendments, into Law No. 160 of 12 July 2011. Such new legislations have not affected the taxation of the Notes as described above.

Where the holder of the Notes is an Italian resident investment fund, interest payments relating to the Notes are not subject to imposta sostitutiva (nor to any Italian income in general). Under the tax regime applicable until 30 June 2011, Italian resident investment funds are subject to a 12.5 per cent. annual substitute tax on the year-end accrued appreciation of the managed assets. Such increase includes interest accrued on the Notes which, in turn, are not subject to the imposta sostitutiva *provided that* the Notes are deposited with an authorised intermediary. A new legislation affecting the taxation of the Italian resident investment funds has been enacted by Law Decree No. 225 of 29 December 2010 as converted, with amendments, into Law No. 10 of 26 February 2011 which came into force as of 1 July 2011. The new regime is based on incomes being taxed at the time they are realized by the investors of the funds and no longer on the year-end management result. Such reform has not affected the taxation regime of the interest payments relating to the Notes which continues not to be subject to imposta sostitutiva stated by Decree 239.

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by article 17 of the Italian Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an authorised intermediary, Interest relating to the Notes and accrued during the holding period will not be subject to imposta sostitutiva, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax.

Pursuant to Decree 239, imposta sostitutiva is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Finance (each an "**Intermediary**").

An Intermediary must (a) be resident in the Republic of Italy or be a permanent establishment in the Republic of Italy of a non-Italian resident financial intermediary, and (b) intervene, in any way, in the collection of interest or in the transfer of the Notes. For the purpose of the application of the imposta sostitutiva, a transfer of Notes includes any assignment or other

act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary, the imposta sostitutiva is applied and withheld by any Italian financial intermediary paying interest to a Noteholder or, absent that, by the issuer.

1.2 *Non-Italian resident Noteholders*

Where the Noteholder is a non-Italian resident without a permanent establishment in the Republic of Italy to which the Notes are effectively connected, an exemption from the imposta sostitutiva applies *provided that* the non-Italian resident beneficial owner is:

- (a) resident, for tax purposes, in a country which allows for a satisfactory exchange of information with the Republic of Italy (the "**White List States**") as listed (i) in the Italian Ministerial Decree dated 4 September 1996, as amended from time to time, or (ii) as from the fiscal year in which the decree pursuant to article 168-bis of Italian Presidential Decree of 22 December 1996, No 917 is effective, in the list of States allowing an adequate exchange of information with the Italian tax authorities as per the decree issued to implement Article 168-bis, paragraph 1 of Italian Presidential Decree of 22 December 1986, No. 917 (for the 5 years starting on the date of publication of the Decree in the Official Gazette, States and territories that are not included in the current black-lists set forth by Italian Ministerial Decrees of 4 May 1999, 21 November 2001 and 23 January 2002 nor in the current white list set forth by Italian Ministerial Decree of 4 September 1996 are deemed to be included in the new white-list); or
- (b) an international body or entity set up in accordance with international agreements which have entered into force in the Republic of Italy; or
- (c) a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or
- (d) an "institutional investor", whether or not subject to tax, which is established in a country which allows for a satisfactory exchange of information with the Republic of Italy.

In order to ensure gross payment, non-Italian resident Noteholders without a permanent establishment in the Republic of Italy to which the Notes are effectively connected must be the beneficial owners of the payments of Interest and must:

- (a) deposit, directly or indirectly, the Notes with a resident bank or SIM or a permanent establishment in the Republic of Italy of a non-Italian resident bank or SIM or with a non-Italian resident entity or company participating in a centralised securities management system which is in contact, via computer, with the Ministry of Economy and Finance; and

- (b) file with the relevant depository, prior to or concurrently with the deposit of the Notes, a statement of the relevant Noteholder, which remains valid until withdrawn or revoked, in which the Noteholder declares to be eligible to benefit from the applicable exemption from *imposta sostitutiva*. This statement, which is not requested for international bodies or entities set up in accordance with international agreements which have entered into force in the Republic of Italy nor in the case of foreign Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State, must comply with the requirements set forth by Ministerial Decree of 12 December 2001.

The *imposta sostitutiva* will be applicable at the rate of 26 per cent. to Interest paid to Noteholders who do not qualify for the exemption.

However, Noteholders who are subject to the substitute tax might be eligible for a total or partial relief under any applicable tax treaty.

2. *Capital gains tax*

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Noteholder, also as part of the net value of the production for IRAP purposes) if realised by an Italian company, a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Where an Italian resident Noteholder is an individual not engaged in an entrepreneurial activity to which the Notes are connected, any capital gain realised from the sale or redemption of the Notes would be subject to an *imposta sostitutiva*, levied at the rate of 26 per cent. Noteholders may set off any losses with their gains.

In respect of the application of *imposta sostitutiva* on capital gains, taxpayers may opt for one of the three regimes described below:

- (a) Under the "tax declaration" regime (regime della dichiarazione), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains (net of any incurred capital loss) realised by the Italian resident individual Noteholder holding the Notes. In this instance, "capital gains" means any capital gain not connected with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian resident individuals holding the Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay the *imposta sostitutiva* on such gains together with any balance income tax due for such year.

Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

- (b) As an alternative to the tax declaration regime, Italian resident individual Noteholders holding the Notes not in connection with an entrepreneurial activity may elect to pay the imposta sostitutiva separately on capital gains realised on each sale or redemption of the Notes (the "risparmio amministrato" regime). Such separate taxation of capital gains is allowed subject to:
 - (i) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and
 - (ii) an express election for the risparmio amministrato regime being timely made in writing by the relevant Noteholder.

The depository must account for the imposta sostitutiva in respect of capital gains realised on each sale or redemption of the Notes, net of any incurred capital loss. The depository must also pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the risparmio amministrato regime, where a sale or redemption of the Notes results in a capital loss, which may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the risparmio amministrato regime, the Noteholder is not required to declare the capital gains in the annual tax return.

- (c) Under the "asset management" regime (the "risparmio gestito" regime), any capital gains realised by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity who have entrusted the management of their financial assets (including the Notes) to an authorised intermediary, will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Any depreciation of the managed assets accrued at the year-end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. The Noteholder is not required to declare the capital gains realised in the annual tax return.

Under the tax regime applicable until 30 June 2011, any capital gains realised by a Noteholder who is an Italian resident investment fund must be included in the appreciation of the managed asset to be subject to 12.5 per cent. substitute tax. A new legislation affecting the taxation of the Italian resident investment funds has been enacted by Law Decree No. 225 of 29 December 2010 as converted, with amendments, into Law No. 10 of 26 February 2011 coming into force as of July, 1st 2011. The new regime is based on incomes being taxed at the time they are realized by the investors of the funds and no longer on the year-end management result.

Any capital gains realised by a Noteholder who is an Italian pension fund (subject to the regime provided for by article 17 of the Italian Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax.

Capital gains realised by non-Italian resident Noteholders without a permanent establishment in the Republic of Italy to which the Notes are effectively connected from the sale or redemption of Notes issued by an Italian resident issuer and traded on regulated markets are not subject to the imposta sostitutiva. The exemption applies *provided that* the non-Italian resident Noteholders file in due course with the authorised financial intermediary an appropriate affidavit (autocertificazione) stating that the Noteholder is not resident in the Republic of Italy for tax purposes.

Capital gains realised by non-Italian resident Noteholders without a permanent establishment in the Republic of Italy to which the Notes are effectively connected from the sale or redemption of Notes issued by an Italian resident issuer not traded on regulated markets are not subject to the imposta sostitutiva, *provided that* the effective beneficiary is:

- (a) resident in a country which allows for a satisfactory exchange of information with the Republic of Italy;
- (b) an international entity or body set up in accordance with international agreements which have entered into force in the Republic of Italy;
- (c) a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or
- (d) an "institutional investor", whether or not subject to tax, which is established in a country which allows for a satisfactory exchange of information with the Republic of Italy.

If none of the conditions above is met, capital gains realised by non-Italian resident Noteholders without a permanent establishment in the Republic of Italy to which the Notes are effectively connected from the sale or redemption of Notes issued by an Italian resident issuer and not traded on regulated markets may be subject to the imposta sostitutiva at the current rate of 26 per cent. However, Noteholders may benefit from an applicable tax treaty with the Republic of Italy providing that capital gains realised upon the sale or redemption of the Notes are to be taxed only in the resident tax country of the recipient.

3. *Inheritance and gift taxes*

Transfers of any valuable asset (including shares, Notes or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the

inheritance or gift exceeding €1,000,000;

- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or gift exceeding €100,000; and
- (c) any other transfer is subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or gift.

4. *Transfer tax*

Contracts relating to the transfer of securities are subject to a €200 registration tax as follows:

- (i) public deeds and notarised deeds are subject to mandatory registration; (ii) private deeds are subject to registration only in the case of voluntary registration.

5. *EU Savings Tax Directive*

Under the EU Savings Tax Directive, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Austria is instead required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). The European Commission has proposed certain amendments to the EU Savings Tax Directive which, if implemented, may amend or broaden the scope of the requirements described above. On 18 March 2014, the Luxembourg government submitted to the Luxembourg Parliament the draft bill No. 6668 on taxation of savings income putting an end to the current withholding tax regime as from 1 January 2015 and implementing the automatic exchange of information as from that date. This draft bill is in line with the announcement of the Luxembourg government of April 2013.

On 24 March 2014, the Council of the European Union formally adopted the Amending Directive and broadening the scope of the requirements described above. Member States are required to implement national legislation giving effect to these changes by 1 January 2016. That domestic legislation must be applied from 1 January 2017. The changes made under the Amending Directive include extending the scope of the EU Savings Tax Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest. However, the European Commission has proposed the repeal of the EU Savings Tax Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of

all other Member States (subject to transitional arrangements). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive. Investors who are in any doubt as to their position should consult their professional advisers.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the EU Savings Tax Directive.

6. *Implementation in the Republic of Italy of the Savings Directive*

Italy has implemented the EU Savings Tax Directive through Legislative Decree No. 84 of 18 April 2005 ("Decree No. 84"). Decree No. 84 applies to payments of interest made by paying agents established in Italy to beneficial owners who are individuals resident in a different EU Member State or in a dependent or associated territory under the relevant international agreement (currently Jersey, Guernsey, Isle of Man, Netherlands Antilles, British Virgin Islands, Turks and Caicos, Cayman Islands, Montserrat, Anguilla, Aruba). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid starting from 1 July 2005 (including the case of interest accrued on the Notes at the time of their disposal) to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, (or the territories referred to above), Italian paying agents i.e. banks, SIMs, fiduciary companies, SGRs resident for tax purposes in Italy, permanent establishments in Italy of non-resident persons and any other economic operator resident for tax purposes in Italy paying interest for professional or commercial reasons shall report to the Italian tax authorities details of the relevant payments and personal information on the individual beneficial owner, namely: identity and residence of the beneficial owner; name and address of the paying agent; account number of the beneficial owner or, otherwise, information of the debt claim giving rise to the interest payment and amount of interest paid.

Such information is transmitted by the Italian tax authorities to the competent foreign tax authorities of the State of residence of the beneficial owner. In certain circumstances, the same reporting requirements must be complied with also in respect of interest paid to certain entities established in another Member State, other than legal persons (with the exception of certain Finnish and Swedish entities), whose profits are taxed under general arrangements for business taxation and, in certain circumstance, UCITS recognised in accordance with Directive 2009/65/EC.

7. *Stamp duty*

Article 13, paragraph 2 ter, of the First Part of the Tariff attached to Presidential Decree No. 642 of 26 October 1972 ("**Stamp Duty Law**"), as amended by Law Decree No. 201 of 6

December 2011, converted into Law No. 214 of 22 December 2011, and by Law No. 147 of 27 December 2013 introduces a stamp duty on the value of the financial products and/or financial instruments included in the statement sent to clients as of 1 January 2012 ("**Statement Duty**"). The statement is deemed to be sent to the clients on an annual basis, irrespective of any legal or contractual obligation to do so. The Statement Duty is levied at the rate 0.2 percent (but in any case not exceeding €14,000 only for entities other than individuals). According to a literal interpretation of the amended Article 13, the Statement Duty seems to be applicable to the value of the Notes included in any statement sent to the clients, as the Notes are to be characterised for tax purposes as "financial instruments".

The Proposed Financial Transaction Tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**").

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

Joint statements issued by participating Member States indicate an intention to implement the FTT by 1 January 2016.

However, the FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Foreign Account Tax Compliance Act

Whilst the Notes are in global form and held within the ICSDs, in all but the most remote circumstances it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any paying agent, the depositary, common depositary or common safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the ICSDs is a major financial institution whose

business is dependent on compliance with FATCA and that any alternative approach introduced under an intergovernmental agreement with the United States (an "IGA") will be unlikely to affect the Notes. However, the Programme documentation expressly contemplates the possibility that the Notes may be exchanged into definitive form and therefore that they may be taken out of the ICSDs. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA withholding. However, definitive notes will only be issued in remote circumstances. Further, foreign financial institutions in a jurisdiction which has entered into an IGA are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of the Dealers. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in a Dealer Agreement dated on or about the date hereof (the "**Dealer Agreement**") and made between the Issuer and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America: *Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms.*

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Fiscal Agent or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Fiscal Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Public offer selling restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus, as the case may be) to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) *Fewer than 150 offerees*: at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) *Other exempt offers*: at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU).

Selling restrictions addressing additional United Kingdom Securities Laws

Each Dealer has represented, warranted and agreed that:

- (a) *No deposit-taking*: in relation to any Notes having a maturity of less than one year:
 - (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and

(ii) it has not offered or sold and will not offer or sell any Notes other than to persons:

(A) whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses; or

(B) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses,

where the issue of the Notes would otherwise constitute a contravention by the Issuer of Section 19 of the Financial Services and Markets Act 2000 (the "FSMA");

(b) **Financial promotion:** it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and

(c) **General compliance:** it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

The Republic of Italy

The offering of the Notes has not been registered pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed that it has not offered or sold, and will not offer or sell, any Notes in the Republic of Italy in an offer to the public, and that sales of the Notes in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulations.

Any offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy must be:

(a) made by investment firms, banks or financial intermediaries permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 385 of 1 September 1993, Legislative Decree No. 58 of 24 February 1998 and, CONSOB Regulation No. 16190 of 29 October 2007 (in each case, as amended from time to time) and any other applicable laws and regulations; and

(b) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or any other Italian authority.

Japan

The Notes have not been and will not be registered under the Financial Instruments and

Exchange Act of Japan (Law No. 25 of 1948, as amended, the "**FIEA**") and, accordingly, each Dealer has represented and agreed that it will not offer or sell any Notes, directly or indirectly, in Japan or to any Resident of Japan or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any Resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the FIEA and other relevant laws and regulations of Japan. As used in this paragraph, "**Resident of Japan**" shall mean any resident of Japan including any corporation or other entity organised under the laws of Japan.

General

Each Dealer has represented, warranted and agreed that it has complied and will comply with all applicable laws and regulations in each country or jurisdiction in or from which it purchases, offers, sells or delivers Notes or possesses, distributes or publishes this Base Prospectus or any Final Terms or any related offering material, in all cases at its own expense. Other persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or possess, distribute or publish this Base Prospectus or any Final Terms or any related offering material, in all cases at their own expense.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall as a result of any change(s), or any change(s) in official interpretation, after the date hereof of applicable laws and regulations no longer be applicable, but without prejudice to the obligations of the Dealers described in the preceding paragraph headed "**General**" above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification may be set out in a supplement to this Base Prospectus.

Interests of natural and legal persons involved in the issue/offer

Certain of the Dealers and their affiliates (including parent companies) have engaged, and may in the future engage, in financing, investment banking and/or commercial banking transactions and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer' affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. The relevant Final Terms will specify any other interests of natural and legal persons involved in each issue/offer of Notes under the Programme. For the purposes of this paragraph the term “affiliates” also includes the parent company.
